## PUBLIC WORKS LOANS.

The foregoing classified abstract shows the loan transactions of the Board, from the commencement of its operations in October, 1831, to 31st March, 1883.

The loans authorized during the year ended 31st March, 1883, number 1,128, and amount to £573,978 against 561 loans, and £441,954 granted in the previous year, to 31st March, 1882.

The following statement shows the purposes to which this sum of £573,978 has been allocated :—

| No. of Loans.                                       | £               |
|-----------------------------------------------------|-----------------|
| 2 Grand Juries of Counties, . . . . .               | 3,647           |
| 2 Reformatory Buildings, . . . . .                  | 9,040           |
| 2 Railways and Tramways, . . . . .                  | 15,000          |
| 6 Harbours, . . . . .                               | 80,533          |
| 16 Labourers' Dwellings, . . . . .                  | 21,187          |
| 1 Clearing Area for Artisans' Dwellings, . . . . .  | 15,500          |
| 47 Globe Loans, . . . . .                           | 19,878          |
| 41 Public Health, . . . . .                         | 193,545         |
| 4 Arterial Drainage, . . . . .                      | 5,000           |
| 5 Arterial Drainage Maintenance, . . . . .          | 4,430           |
| 1 Repairs of Post Roads, . . . . .                  | 1,000           |
| 1 Land Improvement Preliminary Expenses, . . . . .  | 2,000           |
| 5 Repairs of Fishery Piers, . . . . .               | 1,395           |
| 3 Lunatic Asylums, Buildings, . . . . .             | 6,300           |
| 1 Relief of Distress, . . . . .                     | 1,000           |
| 351 Land Improvement, . . . . .                     | 128,935         |
| 51 National School Teachers' Residences, . . . . .  | 4,505           |
| 4 Dispensary Houses, . . . . .                      | 2,700           |
| 26 Loans to Tenants—Land Act, Section 19, . . . . . | 1,495           |
| 575 Do. do., Section 31, . . . . .                  | 79,825          |
| 2 Land Act, 1870, . . . . .                         | 2,684           |
| <b>1,128</b>                                        | <b>£573,978</b> |

Although the aggregate amount of loans sanctioned is less than that of the previous year, when it stood at £441,954, it will be observed that the number of the transactions is considerably greater, being twofold what it was in the year to 31st March, 1882. The number for the ordinary loan services differs very slightly, and the excess is, therefore, almost entirely due to the 575 loans for £79,825, (giving an average of about £139 to each), made to tenants for the improvement of their holdings, which have been authorized in pursuance of the 31st section of the Land Law (Ireland) Act, 1881. But the excess which these loans account for inadequately represents the number of applications which have reached us, and which, up to the close of the financial year amounted to no less than 2,440. The great bulk have been received since the 30th of October, 1882—the date when the restriction which confined these loans to tenants having a £20 valuation and upwards, and to amounts of not less than £100, was removed, and the minimum amount of a loan fixed at £50, thus embracing tenants having a £10 valuation. The little time which has elapsed since this modification, accounts for the number of loans actually made being so small, compared with the number applied for. The rate at which applications have been received since the amended conditions became known, all of which have been accompanied by a remittance of 10s., is shown by the following figures :—

|                              |     |
|------------------------------|-----|
| In December, 1882, . . . . . | 164 |
| In January, 1883, . . . . .  | 420 |
| In February, 1883, . . . . . | 470 |
| In March, 1883, . . . . .    | 880 |

From this rate of progress some idea may be formed of the magnitude which this service is likely to attain, and indicates that a service has been commenced which will place on the department a most trying and onerous duty, and one which will, most probably, lead to a great extension of the loan system in Ireland.

These loans are, as in the Land Improvement service, advanced in five instalments—the expenditure of the previous instalment being requisite before a subsequent one is issued; and, therefore, the amount advanced to these borrowers up to the 31st March, 1883, on account of the £79,825, does not exceed £22,320. As a portion only of this has come under repayment on the 5th April last, we shall have little opportunity of ascertaining how the annuity instalments will be discharged until the expiration of another year has afforded a basis of calculation.

The conditions of repayment are an annuity of £6 10s. per cent. per annum, payable half-yearly, on every 5th April and 10th October, for a period of 22 years. As the first instalment of re-charge becomes due on the second gale day which happens after the advance, interest is also charged from the date of each advance to the first gale day after, at the rate of 3½ per cent. per annum.—The security is a deed giving the Board a lien on the holding and effects of the farm.

Our other loan services do not present any features which require special explanation. They include amongst others, loans for the

|                                                                       |   |        |
|-----------------------------------------------------------------------|---|--------|
| Loose Steam Tramway,                                                  | £ | 10,000 |
| Larne Harbour,                                                        | £ | 20,000 |
| Kinsale "                                                             | £ | 7,500  |
| Arklow "                                                              | £ | 20,000 |
| Clearing an unhealthy Area in Plunket street (Corporation of Dublin), | £ | 12,000 |

In the class of loans for labourers' dwellings in towns, on which a total of £118,421 has been advanced, 16 loans have been made for £21,187, against 17 loans for £33,674 in the year 1881-82. The rate of application for glebe loans remains nearly the same, viz. :—47 loans for £19,878, against 50 loans for £18,506 in the previous year. Our total advances under this Act now amount to £318,882. A bill is now before Parliament to continue its provisions, which are about to expire, for a further period of five years.

Under the Public Health Service we have to report 41 loans for £193,545, which is in excess of the total amount granted, £132,528, in the previous year. This sum is being applied to the following purposes, viz. :—

|                         |          |         |
|-------------------------|----------|---------|
| 21 for Water Works,     | £        | 153,825 |
| 12 for Sewerage,        | £        | 24,382  |
| 5 for Burial Grounds,   | £        | 5,508   |
| 1 for Market,           | £        | 1,000   |
| 1 for Widening Streets, | £        | 260     |
| 1 for Gas Works,        | £        | 3,000   |
|                         | £193,545 |         |

Under the Land Improvement Acts, during the year which has just closed, 351 loans, amounting together to £128,955, have been made, against 308 loans for £125,825 in the previous year. Since the commencement of this service in 1847, we have advanced a total sum of £3,507,433, in respect of which £2,095,481 has been repaid, in addition to £1,010,641 on account of interest, the principal outstanding being £1,411,952.

Our advances under the Land Act of 1870, are confined to a few cases, for which negotiations were entered into, before the passing of the Act of 1881, and to loans to enable landlords to compensate their tenants for improvements. Our operations in the past year are, therefore, limited to two loans for £2,683, making the total of our advances under this Act £517,049.

The Public Works Loan Act, 1882, does not affect our loan services beyond the grant for loans for the year, amounting to £1,200,000. By the Arrears of Rent (Ireland) Act, 1882, we are, by section 18, authorized to make advances on loans to Boards of Guardians on the security of the rates of unions or of electoral divisions for the purpose of defraying, or assisting to defray, the expenses of the emigration of poor persons resident within these unions. This power was heretofore vested in the Public Works Loan Commissioners, England, by Act 12 & 13 Vic., c. 104, which does not appear to have been taken advantage of. During the past year we have received notifications from several unions of their intention to borrow for this purpose, and since the year terminated some few of these have been matured and are now in course of issue. The same Act authorizes us to make free grants to guardians or other persons, as the Lord Lieutenant may approve, in aid of the moneys borrowed for this purpose or otherwise contributed. The amount of these grants is limited to £100,000, and is not to exceed £5 for each emigrant; the whole amount being primarily a charge upon the Irish Church Temporalities Fund.

#### CHURCH FUND LOANS.

Out of the fund of £1,500,000 which was charged on this fund to meet the distress in 1879-80, the total sum of £1,246,370 has been advanced, which includes £41,509 paid in the past year.

The only charges remaining on this fund are the, as yet unclaimed, balances of certain loans made for the improvement of lands, and, from the slow way in which

these balances have been drawn on in the last twelve months, there is now every prospect that a sum of £200,000 of the total grant will not be required.

Three years having expired since these advances commenced to be made, the two years' grace before repayment could be demanded has generally expired, and the greater portion have now come under repayment. Up to the close of the year we have received back, and paid over to the Church Commissioners, £16,061 on account of principal, and £1,372 for interest.

#### ADVANCES AND REPAYMENTS.

The advances from the Consolidated Fund in the year were £549,400, and from the Church Fund £41,509, making a gross total of £590,909, as against £958,390 in 1881-82.

The total of all loans advanced amounts to £33,330,379, on account of which there has been repaid £18,681,291, exclusive of interest; £7,962,076 has been remitted, and £6,676,912 remains due by the borrowers. A classified abstract of these results is given at pages 6 and 7.

The amounts received in the year in repayment of principal and in respect of the interest are as follows:—

|                          | Principal. |    |    | Interest. |    |    | Total.   |    |    |
|--------------------------|------------|----|----|-----------|----|----|----------|----|----|
|                          | £          | s. | d. | £         | s. | d. | £        | s. | d. |
| Consolidated Fund Loans. | 338,702    | 5  | 8  | 151,560   | 7  | 10 | 490,262  | 13 | 6  |
| Church Fund Loans.       | 8,964      | 5  | 10 | 1,369     | 5  | 4  | 10,333   | 11 | 2  |
|                          | £347,666   | 11 | 6  | £152,929  | 13 | 2  | £500,595 | 4  | 8  |

Giving a total sum of £500,596 recovered, as compared with £455,382 in 1881-82. The interest received on the Consolidated Fund Loans, £151,560, has been duly applied in aid of the Revenue of the year.

The Seed advances which, by the Local Government Board Act of 1881, are being repaid by annual instalments not exceeding five, the two first of which became due on the 1st August, 1881, and 1st August, 1882, have, with some exceptions, been satisfactorily discharged. The whole of the August, 1881, instalment, £138,299, has been paid in, and £146,386 on account of the £176,691, which fell due in August last. The balance of £30,305 remaining unpaid at the close of the year has already been reduced by further payments, and steps have been, or are in course of being, taken for the recovery of the remainder.

We have again to advert to the arrears due in respect of loans made for land improvement arising in consequence of the late disturbed condition of the country, and to the non-payment of rents in many parts. These arrears have undergone a continuous increase during the past three years as the following table shows:—

|                                        |          |
|----------------------------------------|----------|
| They stood on the 31st March, 1880, at | £115,249 |
| " " 1881, at                           | 25,625   |
| " " 1882, at                           | 41,475   |
| " " 1883, at                           | 54,626   |

We trust that the maximum has now been reached, and that the improvement which has set in will result in a considerable reduction before another year is closed.

#### THE OUTSTANDING BALANCES.

The outstanding balances which on the 31st March, 1882, amounted to £6,433,175, have by the operations of the year just closed, increased to £6,676,912, viz.: To the Consolidated Fund, £5,465,673; to the Church Fund, £1,211,239.

The following statement shows the rate of interest chargeable on the above balances:—

|                    |            |
|--------------------|------------|
| Free of Interest,  | £          |
| 3 per cent.,       | 491,589    |
| 3½ "               | 6,000      |
| 4 "                | 87,312     |
| 4½ "               | 3,032,182  |
| 5 "                | 170,608    |
| 4 "                | 715,913    |
| 4½ "               | 124,630    |
| 5 "                | 867,639    |
|                    | 5,465,673  |
| Church Fund Loans— |            |
| 1 per cent.,       | 1,211,239  |
|                    | £6,676,912 |

## ESTIMATE FOR LOANS.

The total of the loans matured in the year, as previously stated, was £573,978, which does not differ materially from the amount of our actual advances, £549,400, but both of these fall very far short of the expectations which were raised from the notifications we received from intending borrowers as to their probable requirements for the year 1882-83. These amounted to the gross sum of £1,403,429, to which a sum of £100,000 was afterwards added for the purpose of making loans to Boards of Guardians for emigration purposes. On this gross estimate of £1,503,429 your Lordships ultimately determined to take a loan vote of credit for £1,200,000 for the loan purposes of the year, being upwards of 54 per cent. in excess of the actual demands on this vote.

This estimate was based on the requisitions of borrowers, principally Local Boards and Companies, excepting as regards the loans for the improvement of lands and a few other services for which we have assumed the sole responsibility of estimating. The amount applied for by Local Boards, &c., was £1,021,600, of which, however, they were only able to claim the issue of £337,154.

We have submitted in the ordinary way our estimate of the probable requirements for the year terminating between 1st April and the 30th June, 1884, amounting to £1,512,162, on account of which it is considered a sum of £1,200,000 will be sufficient to discharge all the payments which will arise during the period.

We append lists of applications for loans received in the past year from Local Bodies for sanitary and other purposes.

LOANS APPLIED FOR FROM 1st APRIL, 1882, TO 31st MARCH, 1883,  
INCLUSIVE.

| Letterkenny, .  | 3             | 80 0 0                                 | 87 5 6                                         | 83 1 6                          |
| Limerick, . . . | 2             | 230 0 0                                | 246 17 4                                       | 116 15 8                        |
| Mayo, . . . .   | 488           | 6,696 15 6                             | 6,915 8 7                                      | 4,169 1 4                       |
| Sligo, . . . .  | 181           | 3,647 0 0                              | 3,807 12 2                                     | 1,926 12 0                      |
| Wexford, . . .  | —             | —                                      | —                                              | —                               |
| Tipperary, . .  | —             | —                                      | —                                              | —                               |
| Total, . . . .  | 2,389         | 45,589 14 0                            | 48,079 19 1                                    | 33,453 16 5                     |

This shows a total of 2,389 loans for all the counties, amounting to £45,589, on which there has been paid back, including interest at 2½ per cent., the total sum of £33,453.

The amount advanced and repaid in the year was £7,088 and £5,582, respectively.

The Irish Reproductive Loan Fund Amendment Act, 1883, removes the restriction as to the advance of only one-fourth of the available fund standing at the credit of any county for fishery purposes, and enables us to advance on the recommendation of the Fishery Inspectors any amount by way of loan not exceeding the whole sum standing to credit of such county in any year.

The 3rd section of the Act enables the Inspectors on the completion of the securities for any loans, in cases where it may be deemed expedient, to supply boats or fishing gear in lieu of money to the borrowers, and on the certificate of the Inspectors that such articles have been duly supplied, we are authorized to pay for same out of the loan granted.

## PUBLIC BUILDINGS.

### *Executive Service.*

The necessary works of repair, maintenance, furnishing, &c., of the several buildings under the Board's charge have been duly attended to, and they have again to report that serious increase has been caused to the labour of their officers from the effects of the severe and widespread storms during the past winter, though not attended with any serious expense from the fact of the buildings being maintained in a state of sound and substantial repair.

The transfer to this Board of the property of the Customs and Inland Revenue Departments in Ireland under the Act 45 & 46 Vic., cap. 17, has come into operation during the year. In connexion with the general management, lettings have been made of Bonded Warehouses at Cork, Newry, Dundalk, and Sligo; and portions of the property have also been utilized for the Parcels Post at Limerick and Waterford.

The extensive works consequent on the redistribution of offices at the Four Courts, Dublin, have been carried out in accordance with arrangements approved by the Lord Chancellor and a Committee of the Judges, the object being to bring together the various offices connected with the Equity, Queen's Bench and Exchequer Divisions, which were formerly scattered through the buildings. The formation of the offices for the Consolidated Office of Accounts and Distribution of Stamps has been completed.

The following new works and important alterations have been carried out during the year :—

New Coast Guard Stations have been completed at Portnoo and Tully, and surveys and inquiries as to sites have been made for five other stations. Works of defence have been completed at Helvick Head, and the improvement of the chief officer's house at Torr Head has been completed. The boat-house and drill-shed at Tramore have been delayed by a serious landslip which occurred during a heavy gale which destroyed the adjoining pier, but it is expected that they will be finished very shortly. Minor works of improvement have been completed at Dalkey, Belderrig, Mouth of the Boyne, and Knockadoon.

New barracks for the Royal Irish Constabulary have been constructed at Clonmany, Galbally, and St. Mary's-street, Limerick; and those in course of construction at Londonderry and Union-quay, Cork, are in an advanced state, the former being nearly completed. The conversion of sundry bridewells into barracks has been completed by executing the works at Antrim. Plans have also been made for new barracks at St. John's-street, Limerick, Sain-Castle, Rosscarberry, Bohola, Ennis, and for adapting King's-court House, Clontarf, for the accommodation of Crown witnesses.

The erection of burs for the temporary accommodation of Constabulary, and the providing of stables and car-houses at several barracks have been carried out in the face of considerable difficulties, owing in many cases to the remoteness of the sites, and in others to the disfavor with which the work was locally regarded. In several cases, repairs have been executed at buildings occupied as temporary barracks.

For the Post Office Department inquiries have been made and negotiations entered into for the acquisition of sites for new offices, and sketch plans and estimates have been prepared for suitable buildings at Clonmel, Dundalk, Enniskillen, Killarney, Lisburn, Mullingar, Rathmines, and Belfast. Works for the purpose of the Parcels Post are in progress at Armagh, Athlone, Ballybrophy, Belfast, Cork, Dundalk, Enniskillen, Limerick, Limerick Junction, Londonderry, Mallow, Portadown, Queenstown, Waterford, and at the General Post Office, Dublin.

To relieve the great pressure in the offices, negotiations have been commenced for acquiring additional ground at the General Post Office, Dublin. Negotiations are also in progress for acquiring property for the permanent enlargement of the Cork office.

### NATIONAL EDUCATION BUILDINGS.

During the past year the Commissioners of National Education have notified grants in aid of building 41 new schools, and of structural alterations and improvements at 58 others, and a considerable amount of work for which grants were made in former years has been carried out.

Three grants have been made for building teachers' residences, but this form of assistance has been but in few instances applied for.

New works and alterations have also been executed during the year at the Dublin Central Model Schools and official establishments, at the Albert and Munster Model Farms, and at the Belfast, Bailieboro', and Monaghan Model Schools, at a cost of £963 10s. 7d., in addition to the ordinary works of maintenance.

#### DUBLIN POLICE.

For the Dublin Metropolitan Police, some minor alterations and improvements have been carried out at several barracks, and the erection of the new Mountjoy Barrack (Cabra) has been commenced.

#### FUEL AND LIGHT, &c.

The service for the year ending March 31, 1883, embraced the supply to 350 establishments of coals, coke, turf, firewood, gas, water, chandlery, &c., in the city and throughout the country, at a total cost of £19,217 1s. 7d.

#### NATIONAL MONUMENTS AND ECCLESIASTICAL RUINS.

*Irish Church Act, 1869, 32 & 33 Vic., c. 42, s. 25.*

The number of monuments vested in this Board by the Irish Church Temporalities Commissioners, acting under the provisions of the 25th section of "The Irish Church Act," of 1869, is 137. Of this number the necessary works for arresting dilapidation, and ensuring future preservation, have been carried out in 76 cases, and similar works are in progress at 6 more.

There remain only 26 others at which it will be necessary to execute works for their preservation.

The total sum vested by the Church Temporalities Commissioners in the Board for the preservation and maintenance of these monuments was £50,000. The outlay up to the present has been £24,495 17s. 1d., and there remains to the credit of the account a balance of £26,848 4s. 2d., three per cent. stock.

The details of the works which have been carried out during the past year will be found in the report (Appendix F) of Mr. Deane, R.N.A., the superintendent of this branch of the Board's duties.

The Ancient Monuments Protection Act, 1882, 45 and 46 Vic., cap. 73, having come into operation, arrangements have been made to give effect to its provisions so far as they relate to the monuments vested by it in the Board.

#### DEPOSITORIES FOR PAROCHIAL RECORDS.

*Act 39 & 40 Vic., c. 58.*

Under the provisions of this Act, inspections of proposed Repositories have been made in 31 cases, and reports thereon forwarded to the Deputy Keeper of Records.

#### NEW SCIENCE AND ART MUSEUM

*40 & 41 Vic., c. 284 (Local).*

In compliance with your Lordships' instructions, steps were taken in the latter part of 1881, to invite architects to submit, in a preliminary competition, sketch designs for the proposed Science and Art Museum Building, in Kildare-street, the cost of which was limited to £100,000. In response to that invitation, 68 sketch designs were sent in, which having been referred to the Committee of Selection appointed by your Lordships, five were therefrom selected, in accordance with the terms of the competition and the remainder returned to their authors. Under the conditions of the competition the authors of the five selected designs were called upon to submit matured drawings for further critical examination by the Committee, whose report thereon was submitted to your Lordships in June, 1882, and the designs were shortly afterwards exhibited for public inspection in Shelbourne Hall, Kildare-street.

A strong desire having been subsequently expressed by representatives of the various departments interested in the new buildings, and generally by the public, that a change should be made in the contemplated arrangement, it has been determined to enlarge the site for the proposed buildings by the purchase of additional premises in Kildare-street, and the conditions for a new competition for the designs for the proposed buildings are now under consideration.

#### LAND COMMISSION.

*44 & 45 Vic., c. 49.*

Two additional houses in Merrion-square have been taken and fitted for the arrears branch of the Commission, and the building of the additional offices and record room at the rear of 24 Upper Merrion-street is in rapid progress.

## ROYAL UNIVERSITY.

42 &amp; 43 Vic., c. 65.

The building recently used as an Exhibition Palace in Earlsfort-terrace has been purchased for the Royal University. The iron and glass structure in connection with it has been removed, and, after due conference with the Committee of Senate, plans have been prepared for the alterations necessary to adapt the building to the purposes of the University.

## PARKS AND GARDENS.

*The Phoenix Park.*—The several buildings, roads, plantations, &c., have been maintained, and the People's Garden continues to be much appreciated by the public as a place of recreation, especially on Sundays and holidays.

*St. Stephen's green Park*, 40 & 41 Vic., c. 134 (Local), has been maintained in good order, but not without some difficulty, from the large and increasing number of visitors of all ages and classes who frequent it. It seldom happens, however, that any wilful damage is done.

*The Curragh of Kildare.*—The official residence recently built for the Deputy Ranger of the Curragh has been maintained in an efficient state, and an addition has been built to the Head Bailiff's cottage.

## BUILDINGS.

*Loans Service.*

Loans have been made under the powers conferred upon us by the several Acts referred to for the following purposes—the works, when approved, being carried out by the borrowers under our general control and supervision.

## LABOURING CLASSES' LOGGING-HOUSES AND DWELLINGS ACTS.

29 &amp; 30 Vic., c. 44, and 30 Vic., c. 28.

During the year 28 applications have been made for loans amounting to £47,821, for the erection of dwellings for 470 families; of these 16 for the accommodation of 270 families, and amounting to £21,187, have been granted. Of those not sanctioned some few have been rejected, the title of the applicants not coming within the requirements of the Act under which such loans are made, some, in consequence of the class of buildings proposed not being suitable for dwellings for the labouring classes, whilst the remainder are under consideration. The advances during the year have amounted to £10,998, and the total amount advanced under these Acts has been £118,421.

## GLEBE LOANS.

33 & 34 Vic., c. 112; 34 & 35 Vic., c. 100; 38 & 39 Vic., c. 30; 41 Vic., c. 6;  
43 & 44 Vic., c. 2.

Fifty-six applications for loans have been received during the year, amounting to £22,384, and forty-seven loans have been granted for £19,877 13s. 4d. The issues for the year have amounted to £18,441 13s. 4d. Since the passing of the first Act, in 1870, we have received 972 applications, of which the following is an abstract of those which have been granted.

|                                                      | No.        | £               |
|------------------------------------------------------|------------|-----------------|
| Church of Ireland, . . . . .                         | 217        | £102,833        |

| " " Roman Catholic, . . . . .                        |            | 511             |
| " " Presbyterian, . . . . .                          |            | 353             |
| " " Other, . . . . .                                 |            | 377             |

## NATIONAL SCHOOL TEACHERS' RESIDENCES (IRELAND) ACTS.

38 &amp; 39 Vic., c. 82, 42 &amp; 43 Vic., c. 74.

Thirty-four applications under these Acts have been received during the year for loans, amounting to £7,280, and 31, amounting to £5,603, have been granted. Some are still under consideration. The amount issued on this service during the year has been £5,716, and from the passing of the Acts, £28,274.

## DISPENSARY HOUSES (IRELAND) ACT.

42 &amp; 43 Vic., c. 25.

The applications under this Act have been 31, amounting to £18,858. Of these 5 were during the year ending March 31, 1883, for £3,100. The total amount issued has been £16,122, of which £4,780 was during the year.

## REFORMATORY INSTITUTIONS (IRELAND).

44 &amp; 45 Vic., c. 29.

The works at Clare-street Reformatory School, Limerick, have been completed, and a loan of £5,000 has been sanctioned to the Corporation of Cork for the St. Patrick's Reformatory School at Upton.

## PUBLIC LIBRARIES ACTS.

40 &amp; 41 Vic., ss. 15 &amp; 54.

No loans have been made under these Acts, but inquiries have been made by local parties in regard to the terms on which advances would be made.

## LIMITED OWNERS' RESIDENCES (SETTLED ESTATES ACTS).

27 &amp; 28 Vic., c. 113; 33 &amp; 34 Vic., c. 36; 34 &amp; 35 Vic., c. 84; 40 &amp; 41 Vic., c. 31.

No Orders, provisional or absolute, have been made under these Acts during the past year.

## LAND IMPROVEMENT.

In reporting on this branch of the Board's service (Ordinary Land Improvement) for the past financial year, it is to be observed that we exclude not only the loans granted in 1879-80 under the special terms of the Relief of Distress Act, but also those sanctioned under the 31st section of the Land Law (Ireland) Act, 1881.

Although the provisions of recent legislation have a tendency to cause a falling-off in applications by landlords with the view of improving lands in the hands of their tenants (who, however, have themselves now the privilege of borrowing on the security of their tenancies under the 31st section of the Land Law (Ireland) Act, 1881), the loans under the original Land Improvement Act, 10 Vic., c. 32, and subsequent amending Acts, show an increase as compared with former years. This is mainly due to increased activity amongst the class of tenants qualified as borrowers under the 6th and 7th sections of the original Act, and who, there is little doubt, have been stimulated by the knowledge of the facilities now afforded to tenants with inferior interests under the 31st section of the Land Law Act, 1881.

The number of applications and amounts issued from the commencement in 1847 to the close of the financial year ending 31st March, 1883, are stated as follows:—

|                                     | No. of<br>Applications. | Amount<br>Issued. |                    | No. of<br>Applications. | Amount<br>Issued. |
|-------------------------------------|-------------------------|-------------------|--------------------|-------------------------|-------------------|
| 1847, June to December (inclusive), | 1,354                   | 472,790           | 1855, . . . . .    | 90                      | 244,215           |

| 1856, . . . . .                     | 108                     | 32,516            | 1874-75, . . . . . | 243                     | 109,058           |
| 1857, . . . . .                     | 114                     | 31,474            | 1875-76, . . . . . | 255                     | 96,750            |
| 1858, . . . . .                     | 113                     | 35,624            | 1876-77, . . . . . | 218                     | 121,406           |
| 1859, . . . . .                     | 111                     | 29,334            | 1877-78, . . . . . | 278                     | 121,345           |
| 1860, . . . . .                     | 135                     | 28,902            | 1878-79, . . . . . | 319                     | 125,370           |
| 1861, . . . . .                     | 164                     | 36,656            | 1879-80, . . . . . | 433                     | 147,033           |
| 1862, . . . . .                     | 184                     | 61,375            | 1880-81, . . . . . | 638                     | 161,875           |
| 1863, . . . . .                     | 138                     | 35,839            | 1881-82, . . . . . | 401                     | 157,733           |
| 1864, . . . . .                     | 123                     | 58,430            | 1882-83, . . . . . | 451                     | 160,328           |

The figures quoted for 1882-83 show that if the exceptional period from 1879 to the end of March, 1881, is excluded, the number of applications for Ordinary Land Improvement loans is in excess of that for any year since 1849. Owing, however, to the sums applied for being in the majority of cases small, the total amount issued for the year does not equal that advanced in some of the years when the applicants were fewer.

The loans under which operations have been commenced during the past year are classified thus:—

|                                          | No. of Loans. | Amount sanctioned. |
|------------------------------------------|---------------|--------------------|
| Drainage and other Land Works, . . . . . | 178           | £73,025            |
| Farm Buildings, . . . . .                | 127           | 37,726             |
| Labourers' Dwellings, . . . . .          | 33            | 11,845             |
| Scotch-mills for Flax, . . . . .         | NIL           | NIL                |

The following table gives the number of loans and the sums issued in the several counties in Ireland up to the 31st March, 1883:—

SCHEDULE showing the NUMBER of LOANS and AMOUNTS ISSUED.

| Name of County.             | No. of Loans. | Amount issued. | Total No. of Loans. | Total Amount issued. |
|-----------------------------|---------------|----------------|---------------------|----------------------|
| <b>NORTHERN DIVISION.</b>   |               | £ s. d.        |                     | £ s. d.              |

#### THOROUGH-DRAINAGE.

The quantity of land thorough-drained under the Acts, since the commencement in 1847, to 31st March in this year, is 280,910 acres. Of this quantity 2,334 acres have been thorough-drained during the year now reported on at an average cost of £7 4s. 6d. per acre.

#### PLANTING FOR SHELTER.

For this description of work 82 loans, amounting to £14,300, have been granted since the passing of the Act 28 & 30 Vic., c. 40, and of that number 9 amounting to £4,815 were sanctioned during the year ending 31st March, 1883.

#### FARM BUILDINGS.

The total number of loans sanctioned for the erection of Farm Buildings since the passing of the Act 13 and 14 Vic., c. 19, is 1,762, amounting to £859,035. Of this number 123, amounting to £36,860, were approved during the year ending 31st March last.

#### DWELLINGS FOR AGRICULTURAL LABOURERS.

Since the passing of the Act 23 Vic., c. 19, the number of loans granted for this class of work is 517 amounting to £281,440, and of this number 37 amounting to £13,210 were sanctioned since our last report.

Appendix C. gives extracts from the reports of the District Inspectors, and Appendix D. the usual statement of loans in progress and amounts issued.

## LANDLORD AND TENANT ACTS, 1870 and 1872.

33 &amp; 34 Vic., c. 46; and 35 &amp; 36 Vic., c. 82.

During the year on which we now report the number of loans made in aid of purchase under the above Acts was 4, amounting to £3,012.\*

Of these 3 were in respect of sales in the Land Court under the 45th section of the Act of 1870, the amount of the advances being £2,141. This brings the total number of loans under that section up to 779; the gross sum issued being £435,781. Under the Act of 1872 one loan, amounting to £871, was made within the period now reported on.

The total number of cases under both Acts (1870 and 1872) in which advances have been made from the commencement in 1870 to the 31st March, 1882, is, excluding advances for compensation, 875, the gross sum issued being £513,874.

SCHEDULE showing the number of cases in which Advances have been made to Tenants to aid them in purchasing their Holdings, stating the amount of the Purchase-money, the sum advanced by the Board, the number of Acres purchased, with the Annual Rent and Government Valuation of the same up to the 31st March, 1882.

\* These loans were made in respect of loans applied for before the passing of the Land Law (Ireland) Act, 1881, under the provision of which the power of advancing money to aid tenants in the purchase of their holdings was transferred to the Irish Land Commission.

## LAND LAW ACT, 1881.

44 &amp; 45 Vic., chap. 49.

Section 19.—The operations of the Board under the 19th section of the Act have been unimportant, but it is believed the loans applied for do not in any degree represent the orders which have been issued by the Land Commission Court for the erection or improvement of labourers' cottages.

Section 31.—During the year various amendments have been authorized by your Lordships in the conditions originally issued with the Schedule to Treasury Minute of 21st December, 1882. The principal of these have been as follows:—

1. Sureties are no longer required to be named for the repayment of the loan, but only for the due application of the advances.
2. The minimum amount which may be granted as a loan has been reduced from £100 to £50.
3. The minimum poor-law valuation of a holding rendering a tenant eligible to become a borrower has been reduced from £30, first to £10, and recently to £7.
4. Applications for loans of a less sum than £100 may now be received under section 31 from tenants who were previously eligible to apply only under 10th Vic., chap. 32, section 7.
5. A preliminary fee of ten shillings is now required from applicants, this being credited to them in deduction from the Board's charges when the loan applied for is sanctioned.

The first four of these amendments resulted in a very rapid increase in the applications, the number received from the 1st January, 1883, to the 31st March, 1883, being more than three times as great as the number received in the preceding nine months of 1882-3, and there is apparently a tendency to a still further development of the service.

The large increase in the applications for loans necessitated a corresponding increase in the number of inspectors employed in making the local inquiries, and there are now thirty-six, the service having been carried on at the commencement of the operations with four inspectors only. There has been a corresponding increase in the clerical staff. There has scarcely been time yet since the last increase of staff was made to judge whether or not a further increase will be necessary in order to enable loans to be made more expeditiously than has yet been possible.

The difficulties experienced in making the inquiries are considerable, and the principal of them may be stated to be as follows:—

1. That of conducting correspondence with the class of uneducated persons forming the bulk of the applicants for loans. It is necessary to detail every instruction with the greatest minuteness, and even to repeat the same instructions very frequently. Letters often remain unanswered, and two or three reminders have to be sent.
2. The failure of the applicant, whether he be an ordinary tenant from year to year or the holder of a lease, to prove himself the sole legal possessor of the interest in the tenancy. It often happens that the tenant's interest is divided between members of a family, and neither probate of will nor letters of administration are forthcoming. In case of the existence of a lease, it is necessary that in making a loan the covenants of the same should be duly observed.

When, however, a judicial lease has been given, this is accepted as proof of tenancy without inquiry.

4. The inability of the poorer applicants to pay their rent to a sufficiently late date to entitle them to an advance.

The following tables contain a summary of the Board's operations under section 31 from the date of the publication of the Treasury minute of the 21st December, 1881, to the 31st March, 1883.

SCHEDULE showing the NUMBER of LOANS SANCTIONED and AMOUNTS ISSUED up to the 31st MARCH, 1883.

| Province and County.           | Number of Loans | Amount sanctioned. | Total amount of Loans made. |

| <b>Total, . . . . .</b> | <b>1,327</b>            | <b>£118,882</b> |

The NUMBER OF LOANS found INADMISSIBLE was as follows :—

| Provinces.           | No. | £       |
|----------------------|-----|---------|
| Leinster, . . . . .  | 26  | 2,782   |
| Munster, . . . . .   | 137 | 14,809  |
| Ulster, . . . . .    | 29  | 2,172   |
| Connaught, . . . . . | 53  | 5,671   |
| Total, . . . . .     | 238 | £25,384 |

#### DRAINAGE, RECLAMATION, AND FENCING.

The first sanctions received were dated 12th April, 1882, and the season being then too far advanced for this class of work to be carried forward, it was not until the month of November that much progress was made; but tenants are now displaying much energy in carrying on their works.

#### FARM BUILDINGS, FARM HOUSES, AND LICOURNERS' COTTAGES.

The tenants obtaining loans are taking large advantage of the opportunity afforded them for erecting improved buildings on their holdings, and considerable progress has been made. The buildings erected have been of a very plain character, though substantial, and their average cost has been less than that of buildings erected by owners under the Land Improvement Acts.

Advances for labourers' cottages have been made of a minimum amount of £50 each, but small as this sum may appear, the buildings authorized show a decided improvement on the customary type of cottages in Ireland.

#### ISSUES MADE.

The instalments issued in respect of sanctioned loans were, to the 31st March, 1883, as follows :—

| Number of Loans sanctioned. | First Issues. | Second Issues. | Third Issues. | Fourth Issues. | Fifth Issues. | Loans Accounts closed. |
|-----------------------------|---------------|----------------|---------------|----------------|---------------|------------------------|
| 745                         | 319           | 175            | 107           | 49             | 27            | 13                     |

For further information, see Appendix E.

Arterial Drainage.

Acts: 5 & 6 Vic., cap. 89; 8 & 9 Vic., cap. 69; 9 Vic., cap. 4; 10 & 11 Vic., cap. 79; 16 & 17 Vic., cap. 130; 18 & 19 Vic., cap. 110; 19 & 20 Vic., cap. 82; 20 & 21 Vic., cap. 23; 21 & 22 Vic., cap. 41; and 35 & 36 Vic., cap. 31.

The Board's duties in connexion with the works of Arterial Drainage, with Improvements of Navigation and Water-power, under the Acts quoted, have been confined during the past year to determining, on the application of proprietors, the amount of increased rent to be paid by tenants in respect of the benefit derived by them from improvements in their holdings, resulting from the Drainage operations; and to giving information, assistance, and advice to the Trustees of Districts, on such points connected with their trusts as they might request, and which we have felt it within our province to supply. All executive operations have been long since brought to a close.

The whole expenditure charged against the different undertakings at the close of the operations under the Arterial Drainage Acts (prior to 1863), including £70,201 for works chargeable to counties, amounted to £2,390,612 12s. 4d., of which £1,043,227 was made repayable by annuity or otherwise, £1,206,312 was remitted, and £141,078 made a

free grant, the whole having been advanced by way of loan, with the exception of that grant. The repayments including interest, amounted to £1,427,504 on the 31st March, 1883, the whole extent of land drained and improved being 266,736 statute acres.

The charges have ceased, within the year under report, in the following Drainage Districts:—Fergus and Dunmore.

**DRAINAGE AND IMPROVEMENT OF LANDS (IRELAND) ACT, 1863, AND AMENDMENTS IN ACTS; 26 & 27 Vic., c. 88; 27 & 28 Vic., c. 72; 28 & 29 Vic., c. 52; 32 & 33 Vic., c. 72; 35 & 36 Vic., c. 31; 37 & 38 Vic., c. 32; 41 & 42 Vic., c. 59; and 43 & 44 Vic., c. 27.**

An application for the formation of one new Drainage district has been received during the year 1882-83—namely, Kilpeacon, in the county of Limerick, a continuation of the Barnakyle district.

The total number of applications brought before the Board since the passing of these Acts and up to the 31st March, 1883, is 78, viz:—

| Cunage.        | Kildara.             | Blackwater.        | Cahermore.          |

One Act was passed during the last Session, viz., that to confirm the Provisional Order for the District of Cahermore, Co. Cork. Provisional Orders were made during the past year for four districts, viz. :—Milford—River Deel—Co. Cork, 25th May, 1882; Hogan's Pass, Co. Tipperary, 15th June, 1882; Owenroe or Moyasally, Co. Meath, 21st March, 1883; Swillyburn, Co. Donegal, 21st March, 1883; and the Bill to confirm them has been sent to the Treasury to be brought before Parliament.

The works have been completed and final awards made for thirty-seven, viz. :—

|                |                |                  |                 |                     |
|----------------|----------------|------------------|-----------------|---------------------|
| Ashby.         | Sixmilebridge. | Bosliasserrig.   | Cunage.         | Lamoon.             |
| Bathdowney.    | Deohyle.       | Frankford.       | Melken.         | Upper Inny.         |
| Ballynaserrig. | Elphin.        | Douglas.         | Kildara.        | Garretstown and     |
| Connell.       | Clodiagh.      | Island Lakes and | Tory Hill.      | Dalvin River.       |
| Qelagh.        | Gully.         | Glowe River.     | Lough Oughter   | Bride and Kilerua.  |
| Kilmaistilla.  | Derrinlough.   | Torrent.         | and River Erne. | Corrygram.          |
| Silver River.  | Panassstown.   | Ballynaserrig.   | Swanfisher or   | Bathangan.          |
| Brickey.       | Baltinacree.   | Upper Gully.     | Blackwater.     | Banaskyle and Ward. |

The works of the following districts have been in course of execution or of preparation for commencement :

Stoneyford, Sack, Ballydamna, River Lerr, and Lough and River Erne.

The works have not been proceeded with in the Fourtowns and Jerritzpass District, though the Provisional Order has been confirmed by Act of Parliament.

Of the remaining districts, Tbarles, Buncom Lake, Danderry, Boira, Ballycranmore, and Upper Lennan, appear to have been abandoned. The Upper Finn, Ollatrim, Ballintemple, Bush, Clady, and Knockcroghery have been withdrawn or are held over; Ollatrim, No. 2, Kilcoleman and Cloughan and Ervey have not been followed up by the petitioners. The Reports of the Inspectors on Ballinlough and New Strokestown were sent to the Petitioners, but no assents have been received.

The carrying out of the works of the Upper Silver River District, county Westmeath and King's County, have not been proceeded with owing to the unsettled relations between landlord and tenant in Ireland, which also has caused the abandonment of the project for the drainage of the Scariff District, in the county of Clare, as mentioned in our report for last year.

In the case of the Lough and River Erne (drainage and navigation district) counties of Fermanagh, Cavan, Monaghan, and Donegal, the most important which has yet been brought before us under these Acts, the works are now in progress.

The loans sanctioned by your Lordships under these Acts amount to £692,395. The advances on account thereof, including interest charged during the carrying out of the works, and prior to award when repayments commence, amount to £324,430; and the repayments amount to £141,571, including interest. The total area of land drained or improved in the 37 districts in which awards have been made is 75,715 statute acres, against which the cost chargeable amounts to £436,596.

#### INCREASED RENTS IN RESPECT OF DRAINAGE CHARGES.

During the past year 28 applications were received from Proprietors for increased rents to be paid by the tenants in respect of lands improved by drainage—embracing 242 holdings—212 being tenants from year to year, and 30 leaseholders; and meetings have been held by us to determine the amounts, except in cases postponed or withdrawn by the applicants.

#### DRAINAGE MAINTENANCE ACT, 1866.

29 & 30 Vic., c. 49.

One new application was received during the past year, for the District of Ballybay, in the County of Roscommon.

The preliminary steps have been taken in the case of the River Deel and Ballybay Districts. No further step has been taken in the case of Dunmore.

In the following districts the works have been in progress, viz.:—Cappagh, Cahore, Deel, and Ballybay. Charging orders have been made for Cahore and Cappagh.

Loans under the Act 43 & 44 Vic., c. 14, s. 13, "Relief of Distress Amendment Act, 1880," have been applied for by the trustees of the following districts:—Lough Corrib Drainage District and Corrib River Mills, co. Galway.

#### MAINTENANCE OF NAVIGATIONS IN CONNECTION WITH DRAINAGE UNDER PROVISIONS OF ACT 19 & 20 Vic., c. 62.

No proceedings under this Act.

### ROYAL HARBOURS.

#### KINGSTOWN HARBOUR, COUNTY DUBLIN.

Acts: 55 Geo. III., c. 191; 56 Geo. III., c. 62; 1 Geo. IV., c. 69; 6 & 7 Wm. IV., c. 117; 1 & 2 Vic., c. 36; 28 & 29 Vic., c. 67; 32 & 33 Vic., c. 100, Local; 39 & 40 Vic., c. 95, Local; 40 & 41 Vic., c. 210, Local.

The works of this harbour, including the piers, sea slopes, parapets, slips, bollards, jetties, wharves, buildings, fences, roads, lamps, and sewers have been maintained in good order, and the roads lighted; and in addition a quantity of boulder stones has been removed from the bed of the coal harbour. Chains and posts to protect the Inner Harbour, additional lights and urinal for Mail Packet Pier, a large quantity of concrete was set in the sea slopes of the east and west piers to repair the damage of the previous year, water and ballast have been supplied to ships, and 25,300 tons of mud and sand have been dredged out of the harbour.

See *Engineer's Report, Appendix B.*

The following is a return of the vessels that have made use of the harbour during the last year, 1882, mail steam packets excepted:—

|                                                                                   | Steamers. | Tonnage. |
|-----------------------------------------------------------------------------------|-----------|----------|
| To and from the port of Dublin, waiting wind and tide, Sailing Vessels, . . . . . | 191       | 56,442   |
| Do. do. do. Steamers, . . . . .                                                   | 14        | 4,418    |
| From English, Irish, Scotch, and Foreign ports, to Irish ports, . . . . .         | 276       | 25,227   |
| From English, Scotch, and Foreign ports, to English and Scotch ports, . . . . .   | 126       | 20,760   |
| From Irish ports to English, Scotch, and Foreign ports, . . . . .                 | 188       | 17,298   |
| From English and Scotch ports to Foreign ports, . . . . .                         | 27        | 6,991    |
| For Orders, . . . . .                                                             | 11        | 800      |
| To Kingstown, . . . . .                                                           | 292       | 35,432   |
| Yachts, . . . . .                                                                 | 60        | 8,099    |
| Men-of-War, H.M. Steam Troopships, &c., . . . . .                                 | 26        | —        |
| Total, . . . . .                                                                  | 1,210     | 172,787  |
| In the previous year the numbers were . . . . .                                   | 1,295     | 160,122  |

#### HOWTH HARBOUR, COUNTY DUBLIN.

Acts: 50 Geo. III., c. 72; 58 Geo. III., c. 61; 4 Geo. IV., c. 74; 6 Geo. IV., c. 100; 3 & 4 Wm. IV., c. 43; 6 & 7 Wm. IV., c. 35; 16 & 17 Vic., c. 136; 26 & 27 Vic., c. 72.

The works during the year were repairs and maintenance of the piers, quays, roads, &c. Extensive repairs to the sea slope of the east pier to make good the damage of the previous year.

Two concrete sheds on the east pier in place of timber sheds swept away by storms.

There were several heavy gales during the year, which carried a quantity of stones into the harbour entrance, but did no injury to the works, as detailed in the Engineer's Report in Appendix B.

See *Engineer's Report, Appendix B.*

The herring fishery from off this harbour has increased during the year.—See also *Harbour Master's Report, Appendix B.*

## ABSTRACT FOR FIVE YEARS.

| Year.      | No. of Fishing Vessels frequenting the Harbour. |        |           |       |        | Quantity of Herring sold. (Muss.) | Value or Amount Realized. |    |    |    |    |    |   |            |

| 1880-81, . | 289                                             | 209    | 190       | 59    | 697    | 17,000                            | 22,900                    | 0  | 0  | 1  | 7  | 0  | " |            |
| 1881-82, . | 10                                              | 132    | 203       | 8     | 443    | 5,485½                            | 9,376                     | 15 | 4  | 1  | 14 | 11 | " |            |
| 1882-83, . | —                                               | 125    | 163       | 68    | 352    | 10,277                            | 15,415                    | 10 | 0  | 1  | 10 | 0  | " |            |

\* Note.—A muss equals 600 herrings.

## DUNMORE HARBOUR, COUNTY WATERFORD.

Act: 58 Geo. III., c. 72.

The works consisted of repairs and maintenance of the wharf wall, and sea slope of the pier, and of the quays and roads connected with the harbour.

The heavy gales of February last washed a large quantity of stone from the sea slope. —See *Engineer's Report*, also *Harbour Master's Report*, Appendix B, on the state of the fisheries and the number of fishing boats frequenting the harbour.

## DONAGHADIE HARBOUR, COUNTY DOWN.

Act: 1 Geo. IV., c. 113.

The works were satisfactorily maintained, and with very little injury considering the frequent heavy storms of the year. —See *Engineer's Report*, Appendix B.

## ARGLAS HARBOUR, COUNTY DOWD.

Act: 39 &amp; 40 Vic., c. 236, Local, 1876.

The works executed during the year were—removal of the debris of the old pier from the bed of the harbour, and the deepening of the dock, a very tedious and difficult work; wharf pavement set in cement; rebuilding breach in sea slope and pier head return wall; repairs of concrete blocks in sea slope. The only work now remaining to be executed is the dredging out of the dock to the required depth—a work which can only be done very slowly, owing to the exposed situation, and the nature of the material to be taken out. —See *Engineer's Report*, Appendix B.

## ARLLOW HARBOUR, COUNTY WICKLOW.

Act: 45 Vic., c. 13.

An Act for the improvement of this harbour was passed by Parliament on the 19th June, 1882, authorizing the purchase of the interest of the Wicklow Copper Mine Company therein; and a grant of £15,000 and loan of £20,000 for the works; and upon the completion by the Board their transfer to Local Commissioners. Under the Treasury Order of 4th October, 1882, the loan of £20,000 was charged upon the haronies interested, the authorized sum of £5,000 paid to the Wicklow Copper Mine Company, the property taken over from them, and a contract for the execution of the work entered into with Mr. Kenneth Macdonald, of Greenock and Saltcoats, Ayrshire, and arrangements are being made for commencing the works.

## KINSALE HARBOUR, COUNTY CORK.

Under the Kinsale Harbour Act of 1880, 43 & 44 Vic., cap. 174, Local, a sum of £18,000 has been provided for the improvement of the harbour apportioned thus:

|                                                            |         |
|------------------------------------------------------------|---------|
| Grant, . . . . .                                           | £7,500  |
| Loan, . . . . .                                            | 6,500   |
| Contributions by Harbour and Town Commissioners, . . . . . | 4,000   |
| Total, . . . . .                                           | £18,000 |

The required declaration and final notice under the Piers and Harbours Acts were issued in August, 1882, and the requisite steps for acquiring the premises required for the works were taken, and on their being acquired a contract will be entered into, and the works commenced.

## FISHERY PIERS AND HARBOURS.

Acts 9 Vic., a. 3; 9 & 10 Vic., a. 75; 16 & 17 Vic., a. 135; 19 & 20 Vic., a. 37;  
29 & 30 Vic., a. 45; also 43 & 44 Vic., c. 14.

Nine memorials or applications were received during the year 1882-83—

Malinmore, Tory Island, Gwey Island, Gortlands—County Donegal; Newcastle (repairs)—County Down; Cleggin (repairs), Slyne Head—County Galway; and Brandon Bay, Castlegregory—County Kerry.

The following are the Piers selected by the Committee appointed by your Lordships on Irish Fishery Piers for grants in aid of their construction, to the extent of three-fourths of the estimated cost, out of the sum of £45,000 specially voted by Parliament for the purpose in the year 1880. The works have been either carried out by contract or by day labour under the Board's officers. Twenty-three of these Piers have been completed and transferred to their respective counties, pursuant to Act 16 & 17 Vic., c. 135, section 7, and marked thus (\*).

| Number. | Name.                                                                                | County.          | Contribution. |    |    | Grant. |    |    | Total. |    |    |

|         |                                                                                      |                  | 15,030        | 0  | 0  | 45,000 | 0  | 0  | 60,030 | 0  | 0  |

Your Lordships having authorized to be inserted in estimates to be voted this year a sum of £4,000, and having sanctioned, in aid of local contributions for additional works at Downies Bay, £600, and Rannagh, £150, in the County of Donegal, a sum of £750, there remains a sum of £3,250, out of which we have recommended for sanction for an extension of the pier at Tonstauvalley a sum of £900, which will leave a sum of £2,350.

The Irish Government are making inquiries as to the proper allocation of this sum among such works as may be the most useful, through the Inspectors of Fisheries.

Repairs have been in progress at Spiddle and Durrus, in the County of Galway, and at Kilkel, in the County of Down (see Appendix B).

## INLAND NAVIGATIONS.

*Inland Navigation.*

## LOWER BOTTSE NAVIGATION.

The works executed during the year consisted of repairs to lock gates, river walls, bridges, towing-paths, and lock-houses, all of which are in fair order; also the clearing of woods out of the canals, river and streams.—*See Report of Superintendent, Appendix B.* The tolls received amount to £134, against £260 realized in the previous year.

## RIVER MAIGUE NAVIGATION.

The works of this navigation and the toll-house and premises are in good order, the swivel bridge was re-sheathed and painted.—*See Inspector's Report, Appendix B.*

## TYRONE NAVIGATION (COALISLAND CANAL).

The works on this navigation during the past year have been limited to the repairs incidental to its maintenance.—*See Inspector's Report, Appendix B.* The rents and tolls received amount to £294, against £247 in the previous year.

## ULSTER CANAL.

This canal has now been open, under the Board's management, for traffic for ten years, but a very limited use continues to be made of it as a means of carriage. The tolls during the year amount to £130, as compared with £133 received during the previous year. A very moderate scale of dues was fixed with the view of giving encouragement to trade, but the result, up to the present, has not proved satisfactory.

The works during the past year have been limited to such repairs of buildings and works, including staunching of leaks in embankments and lock gates, as were necessary to its maintenance.

The Quigly Reservoir embankment and boundary fences, head weir, and sluice gates have been maintained in good repair.—*See Inspector's Report, Appendix B.*

Under instructions from your Lordships in the early part of this year notices were published in the local northern Newspapers, and communications made to the grand juries of the counties and to the municipal authorities interested in this navigation with a view to its transfer or sale, as recommended in the report of the Royal Commissioners on Inland Navigations in Ireland, and the several resolutions and other communications which have been received have been transmitted for your Lordships' information.

## SHANNON NAVIGATION.

*Shannon Navigation.*

The works have been kept in good repair.—*See Engineer's and Inspector's Reports, Appendix B.*

The gross receipts from all sources amounted to £2,574, and the charges of maintenance to £4,004, showing an excess of expenditure over the receipts of £1,430. The sum received in respect of tolls was £2,636, inclusive of £1,615 due by the Grand Canal Company, against £2,146 for last year.

## SHANNON FLOODS REGULATION.

The works authorized to be undertaken for this purpose were practically completed during the past year, and the sluices and channels have been in operation. During the winter, a small quantity of work, in removing dams, &c., still remained to be done which does not appreciably affect the efficiency of the works (*see Appendix B*).

The number of days work of men employed during the year was 52,066, or an average of 170 men for each working day: the gross expenditure in the year was £15,193 14s. 1d.

## CLARE CASTLE QUAY.

This work, which was stated in our report for last year to be nearly completed, was suspended during the winter, owing to the extensive land slips referred to in that report. The works have now been resumed and are in progress.—*See Engineer's Report, Appendix B*

## Post Roads.

## POST ROADS.

Act 6 &amp; 7 Wm. IV., cap. 116, section 61.

Applications from the Postmaster-General were received during the past year for repairs of post roads situate in the following counties :—

Co. DUBLIN—*Blessington to Tallaght.*

DONEGAL—*Letterkenny and Malin to Ballygorman.*

KERRY—*Trillick to Dingle.*

LEMERICK, E.D.—*Kilfinane to Apapooka Bridge.*

" W.D.—*Ballingarry to Adare.*

Where the roads are not already under contract, the repairs are executed under the superintendence of the respective County Surveyors. The cost of the works is defrayed by the Board, and is repayable by Grand Jury Presentment at subsequent Assizes.

## COUNTY SURVEYORS' ASSISTANTS.

Six Candidates for the office of County Surveyors' Assistants have been examined under the warrant of the Lord Lieutenant, pursuant to the provisions of the Act 6 & 7 William IV., c. 116, and their qualifications certified to the County Surveyors, as follows :—

| County.                   | County Surveyors.            | Number of Assistants. |
|---------------------------|------------------------------|-----------------------|
| Antrim, . . . . .         | A. Tate, . . . . .           | One.                  |
| Limerick, E.D., . . . . . | Thos. Fishery, . . . . .     | One.                  |
| Londonderry, . . . . .    | A. C. Adair, . . . . .       | Four.                 |
| Mayo, . . . . .           | Henry Brewster, . . . . .    | One.                  |
| Sligo, . . . . .          | C. B. Jones, . . . . .       | One.                  |
| Tyrone, S.D., . . . . .   | Jas. A. Dickenson, . . . . . | One.                  |
| Do., N.D., . . . . .      | J. R. French, . . . . .      | One.                  |

## RAILWAY CLAUSES CONSOLIDATION ACT, 1845.

8 Vic., c. 20, section 25.

*Drainage of Lands.*

Pursuant to this statute, plans, sections, and schedules, of the water-ways of bridges, culverts, &c., were received from the following Railway Companies, viz. :—

Great Southern and Western, Killoeglin Railway;

Do. do. Baltinglass Extension;

Great Northern Railway of Ireland, Inniskeen to Carrickmacross;  
and Certificates have been furnished.

ARBITRATIONS UNDER "THE RAILWAYS (IRELAND) ACTS"  
(1851, 1860, 1864)."

14 &amp; 15 Vic., c. 70; 23 &amp; 24 Vic., c. 97; and 27 &amp; 28 Vic., c. 71.

Arbitrations have been applied for, and Arbitrators appointed for the following, viz. :—

*Railways :*

Belfast and Northern Counties Railway—Branch Lines, Kingsbog to Ballyclare.

Midland Great Western Railway of Ireland—Killeshandra Branch Railway.

Trillick and Fenit Railway Company—Lands for use of Line.

Great Southern and Western Railway—Lands for use of Line in the Townland of Coolboy, County of Tipperary.

Fermanagh and Donegal Railway—Castlecaldwell to Donegal.

Great Southern and Western Railway—Baltinglass Extension Act, 1881.

Belfast and Northern Counties Railway Company—Ballyclare Extension and Doagh Valley Branch.

Great Northern Railway—Carrickmacross Branch, Inniskeen to Carrickmacross.

*For Certificates as regards Limited Owner;*

Ballycastle Railway Company—Lands in Barony of Lower Antrim, County of Antrim.

Trillick and Fenit Railway Company—Sir Edward Denny's property.

Great Northern Railway Company, Carrickmacross Branch.—The Marquess of Bath's Property.

*Corporations:*

Dublin Corporation.—Property to be taken for new Street between Great Brunswick-street and Townsend-street, and widening and improving line of streets between Townsend-street, and George's-quay.

Belfast Corporation.—Premises under Belfast Improvement Act, 1878, new Street from Donegall-place to York-street.

Dublin Corporation.—Property to be taken for new Street from Dame-street by Cork Hill to Christ Church-place, Dublin.

*Commissioners:*

Ballymena Town Commissioners.—Property for Ballymena Waterworks.

Banger Town Commissioners.—Property for Water Supply.

Bangor Town Commissioners.—Property for Waterworks.

Fermoy Town Commissioners.—Lands, Tenements, &c., for Fermoy Waterworks.

*Boards of Guardians:*

Larne Union.—Lands for Waterworks.

Ballymoney Union.—Lands for Ballymoney Waterworks.

*Companies:*

Dublin South City Market Company.—Lands, Buildings, and Premises in William-street.

## TRAMWAYS (IRELAND) ACTS.

*Tramways.*

23 & 24 Vic., c. 152; 24 & 25 Vic., c. 102; 34 & 35 Vic., c. 114; and 39 & 40 Vic., c. 65.

Applications having been made pursuant to these Acts with respect to the following tramways, viz.:—

County Clare United Tramways.

Portstewart Tramway.

Glants Causeway, Portrush, and Bushvalley Railway, &c.

Galway, Oughterard, and Clifden Tramway.

The engineering inquiries were made, as directed by the Acts, and reports furnished to the promoters.

## BRIDGES.

*Bridges.*

## WELLESLEY BRIDGE, LIMERICK.

This bridge, which became vested in us by the Act 30 & 31 Vic., cap. 53 (1867), was taken over from the lessees on 20th May, 1868, since which period we have maintained the bridge, paid the interest on the commuted debt of £10,000, including arrears of same from 1st July, 1866, and discharged £2,594 of the principal.

The tolls received during the year amount to £672, against £928 in the previous year.

Under the Act of 1882, 45 & 46 Vic., c. 221 (Local)—“An Act to amend ‘The Limerick Harbour (Composition of Debt) Act, 1867,’ in relation to Wellesley Bridge,” dated 18th August, 1882, the Grand Jury of the County of Limerick having presented five eighths, and the Grand Jury of the County of Clare three eighths parts of the bridge debt, reduced as above shown to £7,000 with interest thereon, and the Corporation of Limerick and the Limerick Harbour Commissioners having passed the resolutions required by the Act, an Order for the transfer of the bridge was made pursuant to the Act—vesting the bridge, and the approaches thereto by land, in the Corporation of Limerick, and the swivel bridge, and the approaches thereto by water, in the Limerick Harbour Commissioners for the use of the public—to take effect from the 26th day of March, 1883—and accordingly on that day (being Easter Monday) the bridge was opened to the public free of toll.

(22 March, 1883).

## BRIDGES BETWEEN COUNTIES, UNDER “THE BRIDGES (IRELAND) ACTS.”

4 & 5 Wm. IV., c. 61; 2 & 3 Vic., c. 50; 30 & 31 Vic., c. 50; and 38 & 39 Vic., c. 46.

*Youngs Bridge, over the River Blackwater.*

## BETWEEN THE COUNTIES OF CORK AND WATERFORD.

(Act 9 Geo. IV., c. 53; 30 & 31 Vic., c. 57; 36 & 37 Vic., c. 46; and 36 & 37 Vic., c. 47.)

The works have been in progress under the contract made 10th January, 1879, with the Stockton Forge Company, and are now nearly complete. The bridge will be shortly opened to the public. See the Engineer's Report, Appendix B.

*New Bridge over the River Lagan at Lisburn.*

## BETWEEN THE COUNTIES OF ANTRIM AND DOWN.

Under the Order of His Excellency the Lord Lieutenant, dated 27th February, 1883, Presentments were made at the Spring Assizes, 1883, by the Grand Juries of the Counties of Antrim and Down, and arrangements are being made for the commencement of the works.

## OPERATIONS FOR THE RELIEF OF DISTRESS—1879-80.

The works which were promoted and undertaken for the Relief of the Distress which so generally prevailed throughout the two western provinces of Ireland, and to some extent affected other parts of the country also, in the years 1879, 1880, and 1881, as described in our previous Reports of 1879-80, and 1880-81, namely, Land Improvement, works of public utility presented for at Extraordinary Baronial Sessions, Sanitary Works, the construction of new and the repair of old Fishery Piers and Harbours, the facilitating of progress on new Arterial Drainage projects for which Provisional Orders had been made and confirming Acts obtained, and the restoration of the works of districts which had formerly been undertaken, but which had been neglected, and also the works for the improvement of the Shannon (so far as they were available for the purpose), which were left incomplete at the commencement of last year, have been proceeded with. We now beg to state the further progress made towards bringing to a close the operations under their several heads, and to show the positions in which they now respectively stand.

## LAND IMPROVEMENT.

The amount advanced from the Church Fund during the year 1882-83, for Land Improvement purposes, in continuation of previous advances, has been £37,708, making the total advances up to the 31st March, 1883, for Land Improvement works £901,360, and the position in which the loans then stood grouped as regards the number of instalments issued will be seen from the following tabular statement:—

| No. on which Second Instalments had been issued. | No. on which Third Instalments had been issued. | No. on which Fourth Instalments had been issued. | No. on which Fifth or Higher Instalments had been issued. | Complete. | Total. |
|--------------------------------------------------|-------------------------------------------------|--------------------------------------------------|-----------------------------------------------------------|-----------|--------|
| 44                                               | 83                                              | 126                                              | 38                                                        | 1,597     | 1,888  |

From this statement it will be observed that the number of cases in respect of which the issues are complete is 1,597, as against 1,322 at the end of the financial year 1881-82.

In the majority of cases the date originally fixed for the expenditure of the loans was the 1st January, 1881, but owing to the unavoidable difficulties which borrowers met with in endeavouring to effect the expenditure of the advances made, it was thought advisable to grant extensions of the time originally named.

During the earlier part of the year 1882-83, owing to the unsettled state of the country, comparatively little expenditure was effected, but recently a disposition has been evinced on the part of the borrowers to renew their works, and avail themselves of the full amount of the loan originally made to them, and in many instances the Board have received from them applications to be allowed to draw the residue of the loan which had been previously abandoned. The total number of loans closed during the past year has been 275, leaving 291 in respect of which further advances may be made, but the Board anticipate that at the close of the present financial year (1883-84) the whole number of loans originally granted will, with very few exceptions, be closed, except in special cases it is not proposed to allow any further extension of the time which has been granted for the completion of the works.

## EXTRAORDINARY BARONIAL PRESENTMENT WORKS.

During the past year the small number of Baronial Relief Works which remained unfinished at the date of our last report have since been completed, and the accounts closed.

With the exception of the formation of the Slea Head road near Cable Hill, in the Barony of Corkaguinny, County Kerry, which will open up an extensive district, and also

the making of a road from Drumduff to Drinagh, in the Barony of Inchiquin, in the County Clare, which are still uncompleted, these works are, however, in a very advanced state, and it is expected that they will be finished and open for traffic in a few weeks.

The total amount authorized by Your Lordships to be allocated out of the Church Surplus Fund for these Relief Works was £278,844, but by economical arrangements both under the head of cost of works and of staff and incidental expenses, the actual expenditure has been reduced to £269,885, which leaves a balance of £8,959 to the credit of the Surplus Fund in respect of the sum allocated for this service.

In accordance with the provisions of the Relief of Distress Act, 43 Vic., c. 4, applications were made to the Grand Juries of the several counties at Summer Assizes, 1882, and at Spring Assizes, 1883, for presentments for the repayment of the remaining portion of the expenditure for which the counties were liable, and in all cases the necessary presentments were passed.

Up to the present date the sum of £231,781 10s. 6d. has been certified for repayment by the Counties, and a sum of £5,357 1s. 10d. has already been repaid on account of Principal and Interest.

#### LOANS FOR SANITARY WORKS.

The total number and amount of these loans which have been recommended for sanction by the Local Government Board to sanitary authorities, on the special terms authorized by the notices of November, 1879, and January, 1880—they having been applied for during the time entitling them to the benefit—are respectively 68 and £39,637.

The course of proceeding in regard to this form of affording relief is pointed out in our report for the year 1879-80.

The actual issues during the year for these works amounted to £50, and of those previously made up to the 31st March, 1882, to £38,486, bringing the total amount advanced up to the 31st March last to £38,536.

#### FISHERY PIERS AND HARBOURS.

The works connected with Fishery Piers and Harbours, whether of new construction provided for in the voted estimates, or of repair, for which the necessary funds are advanced by way of loan out of the Consolidated Fund to which we referred in our Report for the last and preceding year, have been actively proceeded with and nearly all completed during the past year, and have been made the means, as far as the nature of the works admitted, of affording employment for unskilled labour.

A list of the Piers, &c., which have been in hands is given at page 26 (preceding), where also will be found stated the estimated cost, and the amount of grant and local contribution by which it is made up, for each separate work.

In the cases in which repairs have been undertaken, they have been completed with trifling exceptions. See Engineer's Report, Appendix B. The expenditure on these works during the year has been on new works £18,075, on repairs £1,956.

#### SHANNON NAVIGATION IMPROVEMENT.

The opening up of the old closed channel, and the new cut at Meelick, which as stated in our Report for 1879-80, had been authorized with a view to affording employment, has been continued during the past year, and a daily average of about 149 men has been profitably engaged upon these works. The expenditure during the year has amounted to £6,873 2s. 11d.

We have the honour to be,

Your Lordships' obedient Servants,

J. G. M'KERRLIE,  
WM. R. LEFANU,  
S. U. ROBERTS,

*Commissioners of Public Works.*

E. HORNER, *Secretary.*  
*Office of Public Works, Dublin,*  
21st May, 1883.

## APPENDIX B.

Report of Mr.  
Robert Manning, M.Inst.  
C.E., Chief  
Engineer.

## HARBOURS, FISHERY PIERS, ISLAND NAVIGATIONS, DRAINAGE, AND OTHER WORKS.

REPORT OF MR. ROBERT MANNING, M. INST. C.E., Chief Engineer, for the year ended 31st March, 1893.

Office of Public Works,  
Dublin, 3rd May, 1893.

I beg to submit the following reports on the works in charge of this branch of the Department for the year ended 31st March, 1893.

## ROYAL HARBOUR.

## Kingstown Harbour.

The following new works, as approved of by the Treasury, were executed during the year:—

A quantity of about two hundred tons of boulders removed from the bed of Coal Harbour; chains and posts to protect inner harbour; additional lights, and wharf for Mail Packet Pier, and davits for harbour

lighter. The cost of these works amounted to 2471 only, and with this exception, the expenditure during the year consisted of maintenance and repair of the works of the harbour, and of the roads and buildings connected therewith, the lighting of the wharves and roads, the supply of water and ballast to ships, and the cost of the Harbour Master's Establishment.

On the sea face of the East and West Pier a quantity of 1,350 cubic yards of concrete was set in the sea slope.

The quantity of ballast supplied to ships was 5,773 tons, being an increase of 2,746 tons over the previous year. The quantity of silt dredged out of the harbour was 25,300 tons.

The observations made at the harbour during the year are given in the following table:—

|            | WIND.                          |                 |                    |                 | WAVE.                               |                   |            | TIDE.                  |         |        |                       |         |        |

|            | 33-18                          |                 |                    | 230             |                                     |                   |            |                        |         |        |                       |         |        |

## Howth Harbour.

The following is the report of Mr. C. F. Green, Principal Assistant-Engineer, who is in charge of this harbour:—

During the past year extensive repairs have been executed on the sea slope of the East Pier, the area repaired being 2,460 square yards.

A quantity of rubble (434 cubic yards), has been removed from the harbour entrance. Two concrete sheds have been erected on the East Pier, in place of some of the timber ones that were swept away by storms.

The Coast Guard boat-slip on the West Pier has been repaired.

The retaining wall to the county road has been underpinned and secured. The harbour buoys have been oiled and refilled, and two new ones placed in the harbour entrance.

The Kilcock road and the wharves have been maintained and kept in repair. There were several gales in April, November, December, January, and March, which carried a quantity of stone into the harbour entrance, but did no injury to the works.

## Dunmore Harbour, County Waterford.

The works at this harbour consisted of the repairs and maintenance of the wharf wall and sea slope of pier, and of the quays and roads connected with the harbour, which were kept in good order.

During the heavy gales of February last, a large quantity of stone was washed away from the toe of the sea slope.

## Donaghadee Harbour, County Down.

Mr. J. A. Mullins, resident engineer, reports as follows:—

"I beg leave to inform you that during the past year this harbour was successfully maintained, and with very little injury, considering the frequent heavy storms of the year, many of them being very severe, particularly during the winter months.

"The staff of men employed on this work during the past year did not average more than eleven men, with one ganger. As we had on very little favourable weather for working at the toe of the sea slope (under low water), the number of men was sufficient for the maintenance and other works in connection with this harbour.

"The pier wharf ordered by the Board to be built on the edge of the quay, in front of the railway station and hotel, in length about 75 feet, and 4 feet high, was built of concrete, and is a substantial and useful piece of protective wall.

"The public railways under the Board's jurisdiction were put into thorough repair, and shored with five broken stems during the winter.

"Trade at this harbour is still improving, but it is chiefly in the coal trade. A very fine new steam collier was added to the coal fleet during the year; and the County Down Railway Company (by permission of the Board), erected a steam crane on the South Quay, for the speedy discharge of vessels loading coal onto their Railway."

*Ards Harbour.*

Mr. J. A. Mallin, resident engineer, in charge of this harbour, reports as follows:—

"The following details will explain the different kinds of work executed during the past year:—

1. "The removal of the debris, and deepening of the dock between the old quay and the new pier head,—the length being 348 feet, and the average breadth about 148 feet,—the total quantity of material removed out of this space, by dredging and by diving during the past year, was about 4,390 cubic yards. This was tedious and very difficult work, and could not be consistently carried on; even when the sea would happen to be most favourable, we were often compelled to suspend the dredging for days, to enable us to get the ground cleared of large stones, all of which had to be removed by the aid of divers, and many of the stones being very large, and deeply embedded in the shingle, so that the delay in getting them removed was often very great, having to excavate around and loose them, in order to get sufficient hold to drag them away. Indeed it was only by the greatest care we were able to carry on this work without breaking up our machinery, and even so it is the dredger has suffered very considerably.

2. "Wharf pavement (at junction of old quay with new pier) about 141 cubic feet of heavy rubble work, all set in cement mortar.

3. Rebuilding break in sea slope and pier head return wall, with concrete in situ, the quantity used being about 87 cubic yards, and making good the heaving behind same.

4. "Bagnon of concrete blocks in sea slope, injured by action of rubble. Additional pavement to protect foot of wharf parapet wall, and sundry repairs to the old quay walls.

"The average number of men employed on the works during the year was thirty-five.

"The only work now remaining to be executed under the contract, is the dredging out of the Dock to the required depth; and this work cannot be pushed on by main force, as the ground to be dredged is so much exposed to a rough sea, and the material to be taken out is so very coarse, that either must be used, or if not, the machinery will stand on time, even with every care. I hardly expect the dredger can finish the work; at all events the most very soon get a general overhaul, and this will take time, and retard the work very much."

*Arklow Harbour, County Wicklow.*

An Act of Parliament having passed in the last session of Parliament, authorizing the construction of a harbour at Arklow, tenders were called for on the 15th of September, 1882. That of Mr. Kenneth Macdonald was accepted, and a contract entered into with him on the 15th of December last. Confined bad weather prevented the contractor from making much progress up to the end of the financial year. Since then a cargo of plant and materials has been delivered on the works, rails have been laid down to the quarry at Arklow-rook, and other preparations have been made for the execution of the works.

**FIRTH PIER AND HARBOUR.****NORTHERN DISTRICT.***Sonatruck Pier, County Donegal.*

The work executed during the past year consisted of the additional excavation of the harbour, and the construction of a boat-slip. At the end of the financial year there remained to be executed about 300 cubic yards of rock, and a length of thirty-seven feet of the slip to be finished. In addition to these additional works the damage done by storm, in December, 1881, was made good.

*Drumree Bay Pier, County Donegal.*

The district engineer reports as follows:—

"Out of a total length of 275 feet, the wharf wall has been completed for 155 feet, eighty-four feet of which is coped, the sea slope is complete for about the same length, to within three feet of height of wharf, the filling is complete in this length also, and two cross walls built. The foundation courses of blocks are laid fifty-four feet beyond this at the wharf side, and forty feet at sea slope side. The

masonry of approach wall is finished and the wall coped for nearly half its length, and the filling behind completed. The following quantities of material are ready for the work remaining to be done, viz:—346 concrete blocks containing 879 cubic yards, 210 tons of paving stones, 167 feet (linear) of wharf coping, six mooring posts, 100 cubic yards of material for making concrete, and a considerable quantity of rubble has been quarried near the site of the works, and is ready for filling the heart of the pier.

"During the year the weather was very severe, generally. The storm of the 1st October retarded the work seriously as the staging for overboard travellers was carried away, one of the travellers broken, and several of the concrete blocks in wharf wall were described as well as those at sea side for a length of forty feet."

*Malahy Boat Slip, County Donegal.*

The works at this slip have been completed, but on the application of the fishermen the Board consented to fix some wooden slides on the slip, which works have not yet been completed.

*Polladown Pier, County Sligo.*

A small quantity of work still remains to be done at the pier itself, and the approach road remains to be completed.

*Fedin Pier, County Donegal.*

The district engineer reports as follows:—

"During the year ending 31st March, 1883, the works at this pier have progressed as satisfactorily as could be expected considering the very unfavourable weather which prevailed almost the whole of the time. The sea slope and barge-way are complete to within sixty-five feet of end; the last fifty feet of wharf wall only requires an average height of about 4 feet to bring it to level for coping, and the pier head about the same.

"The quantities to complete are as follows, viz:—

|                   |                   |
|-------------------|-------------------|
| Concrete in situ, | 167 cubic yards.  |
| Rubble filling,   | 429 "             |
| Wharf paving,     | 371 square yards. |
| Coping            | 90 lined feet.    |

"The landing of wharf steps around has been set.

"On the 1st of October a very severe storm occurred which did no damage to the works, but a truck, the property of the contractor, which had been used in driving piles, was washed ashore and wrecked.

"The highest tide which occurred during the year was on Saturday, the 10th of February, wind south, when the water rose to one foot over coping level.

"I expect that the works will be finished by the end of May."

**WESTERN DISTRICT.***Glenties Boat Slip, County Mayo.*

The progress of the works at this place not being satisfactory, and the time agreed on for their completion having long expired, the Board took the works out of the contractor's hands on the 15th July last. In consequence of continued bad weather it was found impossible to complete them before the winter set in, and, I regret to add, that considerable damage was done by the sea on the 3rd of January last. The repairs will be undertaken immediately, and completed with as little delay as possible.

*Sligo Pier, County Galway.*

The works at this place are practically complete, a small quantity of tools and materials used in executing the work will be shortly disposed of and the expenditure closed.

**SOUTHERN DISTRICT.***Baltimore Harbour, County Cork.*

This harbour was completed at the end of the financial year, but the final payment to the contractor, certified on the 27th March, was not paid within the year and therefore the completion of the work was not certified.

**APPENDIX B.**

Report of Mr. Robert Waddington, M. Inst. C.E., Chief Engineer.

## APPENDIX B.

*Dock Harbour, County Galway.*

Report of Mr.  
Robert Mac-  
nally, M. Inst.  
C.E. Chief  
Engineer.

The small quantity of excavation remaining to be done at the end of the previous year, was completed, and the pier was handed over to the county.

*Black Harbour, County Kerry.*

A small quantity of excavation remaining to be done at the end of the year 1880-81 was finished, and the work has been handed over to the county.

*Geelins Tullig, County Clare.*

The construction of an additional road and pathway to this pier, not contemplated in the original plan, was ordered by the Board to be made; it has been completed, and the work handed over to the county.

The works at the several fishery piers which were undertaken during the year 1880 with the object of affording relief, are now so nearly complete that I am enabled to give the following short description of the operations carried on during the past three years:—

In the month of October, 1878, the Treasury sanctioned the construction of six piers at an estimated cost of £20,000. During the following year the Fishery Piers Committee handed over to this Board from time to time thirty other works which were estimated altogether at £20,000.

In addition to these sums, extra works were sanctioned on six piers, amounting to £1,800, thus making the total amount available for the construction of "thirty-six piers and harbours £21,800. Up to the end of the past financial year thirty-seven of these piers—the estimates for which amounted to £23,080—were completed at a cost of £28,016, and were handed over to their respective counties. On the eight piers not yet handed over to the counties and estimated to cost £32,880, a sum of £26,457 was expended up to the 31st March last.

Four of these eight piers are practically finished, and in fact the great bulk of the work remaining to be done is at the two large piers of Dromas Bay and Teelin, as was expected.

## FISHERY PIERS MAINTENANCE.

*Spiddis Pier, County Galway.*

This pier was greatly damaged by storms in the winter of 1881, and the work of repair was commenced in the month of March, 1882.

The district engineer reports as follows:—

"The repairs of the damage caused by the storm of 26th November, 1881, were nearly completed, when a second very severe storm occurred in October, 1882, damaging some of the new work on the sea slope, which was not completed, and made a fresh breach in the parapet wall and paving of the sea slope; it was impossible to do much in the way of repairs. On the 12th February, 1883, another storm, of a severity more severe than the former ones occurred, which did considerable damage, carrying away part of the parapet wall, tearing up more of the sea slope and washing stones of some one or two tons weight off the wharf into the harbour. This will increase the cost of the repairs."

*Dromas Harbour, County Galway.*

The works at this harbour were commenced in July last, and have been completed.

The district engineer reports:—

"This small harbour was much silted up, a large quantity of sand and shingle was removed, and a few small repairs were done to the walls, the work has been completed."

"The harbour, from its position, will always be liable to silt, and it would require constant expenditure to keep it open."

*Killal Pier, County Down.*

The works at this pier were commenced in December, 1881, and completed in May last.

## SHANNON FLOODS REGULATION.

*Merick Channel.*

These channels were completed during the past year, with the exception of some excavations, which will be removed when the water is sufficiently low.

## SAUCERS.

All the sluices at the several stations on the river, seven in number, were completed and in working order early in last November; the only work in connexion with them of any consequence is the removal of a part of the old weir at Killaloe, which was necessarily suspended during the floods, but will be resumed and completed at the earliest possible date after the discharge of the river has sufficiently decreased.

The works of both channel and sluices may be now stated to be practically finished, as the completion of the small amount of work to be done will not appreciably affect the passage of floods, or lower the level at which they will in future be discharged.

Below three of the sluices, viz.—Tumorturkey, Meelick, and Killaloe the action of the water flowing from the sluices has affected the bed of the river below them; as soon as the water is sufficiently low the bed will be carefully examined and repaired.

The highest flood which has been observed at Killaloe since the year 1853 (now thirty years ago) occurred in the past year, and attained its maximum on the 2nd of February last; both floods were as nearly as possible of the same volume, and were discharged at the same level.

It is almost needless to repeat what has been so often stated before, that during the height of this flood the sluices were incapable of mitigating its effects; as a matter of fact the level of the water in the river course below (or at the down stream side) the sluices at Killaloe rose more than two feet over the weir, and was sufficiently high to flood the alluvial about Portumna. I am, however, happy to state that these sluices will have a very useful effect in controlling lesser floods, and in passing them off more rapidly.

*Clare Castle Quay, County Clare, (Lower Shannon).*

In consequence of an extensive earth slip at the back of the quay wall, these works were suspended in February, 1882, with the hope that action would cease. I visited Clare Castle on the 2nd of last August, and made a report on the state of the work. The Board, on consideration thereof, ordered additional works to be executed, and the cost was sanctioned by the Treasury. The works were suspended during the winter, and were resumed on the 17th of last month, which was the earliest date at which it was prudent to do so on account of the state of the weather.

## DRAINAGE MAINTENANCE.

*Coppagh District, Co. Galway.*

The works of maintenance in this district were completed in November last, and the charging order has been made. They were carried on under the superintendence of Mr. J. B. Mearns, C.E.

*Colours District, Co. Wexford.*

The works have been completed, and the charging order made. They were carried on under the superintendence of Mr. J. B. Farrell, C.E.

*Deel District, Cos. Meath and Westmeath.*

A contract was entered into with Mr. Walsh in July last for the execution of these works. They are still in progress.

\* In this number one pier (Donstrubank) has been omitted twice, additional works having been approved by the Fishery Piers Committee, after three mentioned in October, 1878, had been completed.

*Railway District, Co. Roscommon.*

This district was inspected last autumn, but as the season was then very far advanced, the works were only commenced in April; but they will be completed during the ensuing summer.

**RAILWAYS.**

Inspections have been made of the following railways under the Railway Clauses Act, for the purpose of determining the dimensions of the several bridges and culverts for the discharge of water:—

|                                         |  |
|-----------------------------------------|--|
| Bellingham Railway, 24 miles in length. |  |
| Killoggin " 12 "                        |  |
| Carrickmacross " 6 "                    |  |

**ARTIFICIAL DRAINAGE.**

During the past year, inspections have been made in eight districts, and certificates granted to the amount of £28,186.

**LOANS.**

During the year the following works were inspected and reported on, in relation to applications made to the Board for loans, viz:—

- Larne Harbour.
- Galway Harbour.
- Portmah and Bush Railway.
- Letchmurry Railway.

A loan was also issued to the Dublin and Looan Steam Tramway Company, on a report and inspection made before the year commenced.

**MISCELLANEOUS.**

Survey, plans, and estimate were also made for a proposed pier at Beal-dearg, on Mayo; and a scheme for a viaduct to connect Achill Island with the mainland was also reported on.

*Clare Silt Reclamation.*

During the year the masonry for the second large double sluice has been completed, the Glaron river

has been diverted, and several temporary overfalls of timber have also been constructed in the bank to prevent the water passing in and out of the area to be reclaimed, causing any scour.

The tip-head has been advanced 1,900 feet; the bank has been backed with impervious material for about the same distance; and portions of the sea slope have been protected with heavy stone pitching.

The works were retarded by a strike which occurred in June, and by the severity of the weather in October and February last, when the temporary railway was swept off the bank, and the bank itself was much injured. Two breaches through the bank also occurred. The repairs of these several injuries caused considerable delay.

The total length of the embankment is 6,550 yards, and the length not yet brought up to high water, and which has not been backed with clay, is about 800 yards, but the remainder of the bank requires raising and widening.

*Progress Report on Youghal Bridge.*

Mr. Kirkby, who is in charge of this work reports as follows:—

"Since my last report on the work in connection with this bridge, most of the superstructure over the cylinders and the central bridge have been constructed.

"The asphalt roadway also is now completed and ready for traffic.

"The swivel bridge with its machinery has been erected, and is found to work admirably; in fact, one man can turn it easily, and in a very short space of time; its deflection when left open for six hours was only  $\frac{1}{2}$  of an inch, which may be considered very satisfactory.

"The main structure of the bridge is now completed, except the last coat of paint, and the approach on the Cork side is complete. The approach on the Waterford side with the contractor's lodge, is not yet complete.

"The works will be in a condition to be handed over to the Grand Jury, I expect, at the Summer Assizes of this year.

"S. A. KIRKBY, M.A. Cantab.,  
"County Surveyor, S.D., &c."

**SHANNON NAVIGATION.**

EXTRACTS from the REPORT of Mr. JAMES M. MERRICK, Inspector of the UPPER DIVISION of the NAVIGATION. For the year ending 31st March, 1882.

Athlone, 22nd March, 1883.

The navigation course from Shannon Harbour to Spencer Wharf on Lough Allen, ninety miles in length, is defined by thirty-three stone beacons, two hundred and ninety-nine guide piles, and fifty-four buoys.

The almost continual storms of last winter, and the unusually high floods, caused a great amount of damage to the guide piles and buoys, as also the stone beacons.

It was found necessary to repair four stone beacons, to erect twenty-one new guide piles, and paint one hundred, to lengthen twenty-six, and moor seven new buoys, and remove fourteen which were drifted from their proper positions.

*Shannon Bridge.*

The toll collector's house at this station has been lime-washed, the woodwork painted, and the roof repaired.

The machinery of the swivel bridge was overhauled, the moving plates adjusted, and the iron work was painted.

A water gauge sixteen feet in length was erected to replace a decayed one.

*Athlone.*

The lock-gates were repaired by the aid of a diver, the iron work painted, and timber work tarred.

In consequence of the continual action of the new millstone traction engine on the roadway of the west wharf, it is a source of constant expense; it has been repaired with fifty tons of broken stones and forty tons of gravel, and all wheel ruts filled in.

The roof of the boat-house in store-yard has been repaired.

New bye-law and schedule of tolls boards have been supplied to all stations in the division.

The gates and barriers on the west wharf were kept in repair and painted.

*Looanore.*

A boundary wall twenty-five feet in length, by four and a-half feet high, with two piers, was built, and an iron gate erected to prevent trespass on the Board's property at the harbour.

*Lonsborough.*

The platform of the swivel bridge has been renewed (the new under sheeting is of pitch pine, and the surface sheeting of native oak), and the iron work was painted.

The pump which was erected by the Board for public use was so much injured by the severe frost of last December that it was found necessary to replace it by a new one.

The roofs of store and office have been repaired where injured by the storm of last November.

**APPENDIX D.**

Signed of Mr.  
Robert Man-  
ning, M. Inst.  
C.E., Chief  
Engineer.

Extracts from  
Report of  
Mr. James M.  
Merrick,  
Inspector.

## APPENDIX B.

Extracts from  
Report of  
Mr. James M.  
Merrick,  
Inspector.

## Turnenberry.

The lock-gates were scraped and tarred, and iron work painted.

A swing beam of pitch pine forty-five feet in length was secured on the west leaf of breast gates of lock, and a similar one erected on the east lower lock-gate to replace decayed ones.

The iron work of swing bridge was scraped and painted in two coats oil paint, and the sheeting of roadway was repaired.

The masonry of the salmou pass and eel pass were pointed with Portland cement.

Three hundred perches of catch drain was secured up at western embankment.

Two hundred and forty feet in length of the east retaining wall adjoining the weir wall has been much injured during the high floods, and will require underpinning, and four hreshee measuring eighty-four feet in length will require to be rebuilt.

## Clarendon.

The lock-house was lime-washed internally and externally.

The lock-gates were scraped and tarred.

Thirty-five feet of yard wall ten feet high, which was blown down by storm in February, has been rebuilt, and a new door and frame inserted.

## Boyle.

The lock-house has been lime-washed, the walls of office, &c., papered, wood work painted, and the roof and porch repaired.

The lock-gates were scraped and tarred, and two new pitch pine swing beams, each forty-five feet in length, have been erected to replace decayed ones.

One hundred and fifty perches of western embankment towing path was repaired and metalled.

The sheeting of roadway of swing bridge was repaired with twenty-four square feet of two-inch red pine, and two additional iron trackway irons were laid.

## Albert Lock, Jametown Canal, and Mill Buildings.

The lock-house has been lime-washed, and the wood-work painted in two coats, oil paint.

The high floods of last January rendered it necessary to raise one hundred perches of south bank of Jametown Canal with planks and puddle eighteen inches in height, and seventy-two perches on north bank, to prevent the flood water from passing over.

Two hundred and thirty perches of towing path of the south bank of canal has been repaired and metalled.

The new pair of tail gates for Albert Lock are in a forward state, and will be erected next summer, a settlement having taken place in the north wall of the mill building at Jametown. The roof and part of the wall were taken down.

## Corrieh-on-Shannon.

A settlement occurred in the rear wall of toll collector's house, which has been repaired and strong chained.

A boundary wall thirty feet in length, by four and a-half feet high, with two stone piers, and an irregular nine feet in width, has been erected on the north wharf to prevent trespass or accidents at night.

The machinery of the hoisting crane on the north wharf was repaired, and the foundation, which was insecure, was made good where found defective.

The approach roads to wharves have been repaired with ten tons of broken stones.

The kitchen floor in toll collector's house has been repaired, and a new range set to replace an old one worn out.

## Battle-bridge and Lough Allen Canal.

The roof of lock-house at Battle-bridge was repaired. The lock-gates at Battle-bridge and Drumalough were scraped and tarred.

Fourteen tons of metalling was spread on the road from Canal Bridge to Battle-bridge Harbour.

Eight hundred and ninety-six perches of boundary drain have been secured up, and several slips in canal banks made good.

A slip which occurred at the west pier of Battle Bridge Lock, twenty-four feet in length by ten feet in width, and seven feet in depth, was cleaned up and repaired.

The stop gate at north end of canal was repaired, and inserted in the groove in masonry to prevent the overflow from Lough Allen on the banks during the high floods.

## Knockree Station, Clarendon Lock, and the Boyle Water.

The roof of lock-house at Knockree has been repaired.

The sheeting of the Clarendon lock-gates was repaired, the wood work was scraped and tarred, and the iron work painted.

A surface drain twenty-five yards in length was excavated and paved.

The timber foot bridge on the towing path to lock having been carried away by the high flood, was towed back and replaced, the piers being repaired with masonry.

## The general state of Harbours and Wharves.

The harbours at Lecarrow, Dromod, and Drumalough, as also the wharves at Cornadoe Bridge, Jametown, and Drumalough, on the Shannon, and Coptahill and Knockree on the Boyle water are in good repair.

JAS. M. MERICK, Inspector.

Extracts from  
Report of  
Mr. T. P. S.  
Crosthwaite,  
Inspector.

EXTRACTS from the REPORT of Mr. T. P. S. CROSTHWAITE, Inspector of the LOWER DIVISION of the SHANNON and of the MAISIEU NAVIGATIONS. For the year ended 31st March, 1883.

## Limerick, 31st March, 1883.

The river navigation and the canals connected with it from Shannon Harbour to Limerick have been maintained in good order, and a large amount of heavy repairs have been executed during the past year, the piers and quays of the tidal river have also been kept in order.

## Querrin.

No repairs were required at this quay, the traffic being small.

## Kilrush.

The quay walls and steps were repaired, some slight damage by storm having occurred; the wharf and Harbour Master's office were also repaired.

## Fynew.

Two new stone mooring-posts were erected for the convenience of vessels, and the wharf was kept in order.

The dredging that was in progress at the date of last report was completed in time for the fishing season of 1883, but when the fish were off the mouth of the Shannon the weather was boisterous and the wind unfavourable, and the quantity of fish taken was not equal to the expectations.

Some dredging inside the harbour was also done to deepen the berths alongside the wharf, but from the great amount of silt these are already greatly closed up.

## Kilbourn.

The landing bulk and sugs were repaired, and a portion of the waiting-room was separated and handed over to the Lower Shannon Steamship Company at a nominal rent as a goods store.

## Clare Harbour.

The quay was kept in order and coated with metal; the crane was repaired.

*Limerick Navigation.*

The lock-gates were all tarred and painted, and general repairs were done to the banks, the part of the canal bank at Clonlara that has given trouble for some time last gave signs of again giving way; this was substantially repaired without causing delay to the traffic. A pair of new deep gates were erected at Ballyn, a new breast gate at Clonlara, and a new deep gate at Newtown.

The tidal gates at Limerick were re-sheeted, two new balance beams were fixed, one to Park, and the other to Anasagh lock; sundry minor repairs to the lock-gates were executed. The lock-houses all more or less suffered during the violent storms of the past winter, and have been repaired; the store at Killaloe was re-erected and repaired, many of the boundary drains were cleaned and the trackway has been maintained in good order.

*Ardscooney River.*

This mountain stream, which continually causes trouble by bringing large quantities of sand into the navigation channel, this year also entirely choked the channel which was removed with the steam dredger.

*Scarriff.*

This quay has been maintained in good order.

*Mount Shannon.*

No expenditure was incurred at this place.

*Portumna.*

Some repairs were executed to the swivel bridge and quay; the Collector's house was painted and repaired.

*Melick.*

The canal banks were repaired and boundary drains cleaned. Repairs were executed to the Victoria lock-gates and new closing chains provided for the deep-gates.

A new boat was provided for the collector and lock-keeper.

*Clonlaraemogue Canal.*

The boundary drains were cleaned and Allen's-bridge was repaired.

*Banagher.*

The swivel bridge and quay were kept in order. The Collector's house was repaired.

*Shannon Harbour.*

The Ferryman's house was repaired, boundary drain cleaned and some slight repairs were done to the wooden bridge.

## GENERAL NAVIGATION.

The boats, &c., on the lake and river were painted and repaired, new ones being placed where required.

## MAJOR NAVIGATION.

The swivel bridge was re-sheeted and painted and is in good order.

THOMAS P. S. CROSTHWAITE.

## REPORT OF MR. ROBERT ADAMS, Inspector, on the STATE OF THE ULSTER CANAL AND TYRONE NAVIGATION. For the year ending 31st March, 1883.

Corkland, 9th March, 1883.

I beg to report that the works on the Ulster Canal and Tyrone Navigation during the past year, have been limited to the repairs incidental to their maintenance, viz.:-

## ULSTER CANAL.

From Charlemont to Monaghan, 25 miles.

Repairs of Nos. 2, 13, 14, 15, and 16 lock-gates, stemming leaks in the embankments, sodding and peckling broken down parts of the canal banks, repairs of boundary fences and fern passes, scouring and cleaning out boundary drains, removing weeds out of the canal, raising subsided portions of the canal banks, clearing land slips out of the canal, and repairs of lock-keepers' houses.

The great amount of rain that has fallen during the winter, caused very considerable land slips into the canal in this division, the removal of which has been a cause of much anxiety and expense.

From Monaghan to Clones, 14 miles.

Thirteen county and occupation road bridges, also the large aqueduct over the River Finn, were grouted and pointed, and the displaced coping stones reset; the timber swivel bridge at Conny's Island was also repaired. Repairs of the gates of Nos. 23 and 24 locks, also the repairs of four lock-keepers' houses, rebuilding a portion of the boundary wall at Monaghan stone yard, raising subsided portions of the canal banks, scouring and cleaning out boundary drains, repairs of boundary fences and fern passes, and the removal of weeds out of the canal, removal of the flood sluice at Ballylock, and renewal of the wooden conduit under the canal at Monaghan,—were the principal works executed in this division.

From Clones to Lough Erne, 7 miles.

Pinning and pointing eleven county and occupation road bridges, and resetting displaced coping stones, rebuilding a portion of the boundary wall at Clones stone yard, stopping leaks, raising subsided portions of the canal banks, clearing out boundary drains, repairs of fences and fern passes, and the removal of weeds out of the canal. The lock-gates on the entire line of canal were scraped, cleaned, and coated with prepared tar.

## Enniscorthy.

The embankment and boundary fences, head weir, and sluice gates, have been maintained in good repair.

## TYRONE NAVIGATION.

This navigation during the past year has been maintained in good order, and no expenditure incurred further than what was absolutely required for its maintenance, viz., repairs of the towing path, which is also a torpida road, scouring and cleaning out boundary drains, raising, sodding, and peckling canal banks, removing silt out of basin, repairs of roadway of wharf and quay, repairs of boundary walls, new head post in deep gate, No. 4 lock, and repairs of foot boards of the gates of seven locks, scraping, cleaning, and coating the lock-gates with prepared tar. Two new coal hurries, to replace those worn out, repairs of lock-keepers' houses, and regulating sluice-keeper's house, limewashing boundary walls of stone yard, wharf, &c., and dragging weeds out of the entire canal.

I have pleasure in reporting that lately there has been a considerable diminution in the growth of these weeds generally.

I am, sir, your obedient servant,

ROBERT ADAMS, C.E.

To Edward Hornsby, Esq., Secretary,  
Board of Public Works, Dublin.

Extracts from  
Report of  
Mr. F. J.  
Dodd, Super-  
intendent.

EXTRACTS FROM REPORT OF MR. F. J. DODD, Superintendent, on the STATE OF THE LOWER BOTOS NAVIGATION. For the year ending 31st March, 1883.

Drogheda, 26th March, 1883.

*Broe Station and Lock-house.*

SIR,—I beg to forward annual report of the state and progress of the works on the Lower BOTOS Navigation for the year ending 31st March, 1883.

Two new window-frames and sashes of the lock-house were fixed in openings, the kitchen floor tiled and chimney rebuilt. All the masonry of lock-chamber was pointed in cement and sand.

*River Wall, Ballisprene.*

*Broe Guard Lock.*

The stone facing of the rampart has stood the winter floods very well, there are three small breaches in the face which require to be re-built, and the surface injured by late high tides and floods requires to be repaired and gravelled for about 100 perches in length.

These gates are first rate, being all renewed during the past year.

*Oldbridge Station and Lock-house.*

*Reservoir Station and Lock-house.*

The four lock-gates are in first rate order at present, the deep-gates being completely renewed during last year; the lock-chamber masonry was all pointed with cement and sand in the joints. The house is comfortable now, new cow house, hay-loft, and horse stable, have been built and slated during the year, and gates set in office and bed-room. A new sluice-gate has been hung on gullet to keep back tides from lock-keeper's garden, and has been a great benefit to the station.

This is a double lock. The lock-chamber was thoroughly pointed in cement and sand. The house is in fair order, it was pinned and pointed during year.

*Oldbridge Guard Lock.*

*Mill Lock, Slane.*

These four gates are in good order, the tail-gates having been renewed in all particulars during last year; the masonry of chamber was all pointed in cement and sand.

These gates are in good order; the tail-gates are quite new, having been made and erected this year; the masonry of lock-chamber has been all pointed in cement and sand. A large quantity of silt has been dredged out of the chamber, and a bank has been removed from canal cut just outside tail-gates.

*Stallies Station and Lock-house.*

*Carriehunter Station and Lock-house.*

The four gates are in good order, the tail gates were renewed during the year, the breast-gates were sheeted and new beams provided, a new clapping sill put in and the flooring renewed between stone guard-sill and wood clapping-sill. The house is in good order, the kitchen chimney was re-built and tiles pointed, and four new window frames and sashes fixed in openings all complete.

The gates at this lock are in good order, the breast-gates are new, having been made and erected this year; the masonry has been all pointed in cement and sand.

The lock-house is in good order; the dairy floor has been tiled, and new shavings have been put up, kitchen fireplace repaired and new chimney funnels erected. The weirs have been well dragged out of canals and river wherever necessary, and all streams, above and below aqueducts, kept clean. Some back drains were scored up; all bridges spanning canals were well repaired and pointed during the year. The weir wall below Broe Station has a large breach in it but could not be repaired during last year, as the water never fell low enough to do so. All requisites are ready on the spot when an opportunity offers to do the necessary repair.

*Stallies Guard Lock Gate.*

The tail-gates at this lock are in good order, being renewed during the year; the masonry of chamber was pointed in cement and sand during last year.

I have the honour to be, sir,

Your obedient servant,

F. J. DODD, Superintendent of Works.

Report of  
Mr. Edward  
H. Alcock,  
Harbour  
Master.

EXTRACTS FROM REPORT BY MR. EDWARD H. ALCOCK, Harbour Master, on the NUMBER OF VESSELS FREQUENTING DUNMORE HARBOUR. For the year ending 31st March, 1883.

9th May, 1883.

The number, exclusive of fishing boats, of vessels that discharged here during the year ended 31st March, 1883, were nine colliers, and there were two others discharged in the month of April past past, but I never knew so few vessels put in here as during the past winter, in fact, during the latter part of November and the months of December and January, the weather was so exceptionally wild that scarcely any vessels coastwise were at sea.

With strong easterly winds, small coasting vessels bound to Wexford, Arklow, Dublin, and Sherries, frequently put in wind bound here, also an occasional tug-steamer to telegraph, &c., but foreign going vessels never do.

During the summer of 1882 we had fifteen colliers

trawling in the "deep" off here, and they did fairly well, but as the autumn and winter came on things began to change, and with the exception of some three weeks from the latter end of November to about the middle of December, the fishing was the worst I have ever known.

The small decked boats that fish within the headlands had no better luck trawling, but they caught a good share of mackerel with the line during August and September. Indeed the Seine fishermen alone made a good season of it, and they did good work for about three weeks in September while the mackerel and herrings remained on the coast; but then, as usual, these fish forsake these coasts and took their way up the North Channel. The lobster and crab fishermen also did very fairly and had nothing to complain of.

Report by Captain HENRY D. BURNEY, R.N., Harbour Master, on the NUMBER of VESSELS frequenting HOWTH HARBOUR. For the year ending 31st March, 1883.

APPENDIX B.  
Report of  
Capt. Henry  
D. Burney,  
R.N., Harbour  
Master.

*Howth Harbour.*

Harbour Office, Howth,  
March 20th, 1883.

SIR,—In reply to your letter of the 1st of March, I have to inform you, for the information of the Commissioners of Public Works, the following report on the herring fishery during the last year. The fishing has increased nearly double, although the take of herrings was very small, the number of men being only 10,371 and sold at an average price of £1 10s. per boat.

The boats employed are as follows:—183, Scotch; Irish, 123; Menz, 68; total of 352.

The yearly exports were as follows:

|           |             |
|-----------|-------------|
| Fish,     | 226 tons.   |
| Seeds,    | 20 "        |
| Exports:— |             |
| Coals,    | 4,135 tons. |
| Salt,     | 250 "       |

I have the honour to be, sir,

Your obedient servant,

HENRY D. BURNEY, R.N.  
Harbour Master.

Secretary, Board of Works,  
Custom House, Dublin.

## APPENDIX C.

LANDED PROPERTY IMPROVEMENT.—EXTRACTS FROM INSPECTORS' ANNUAL REPORTS, 1882-83.

APPENDIX C.

*Counsellor of Dublin, Wicklow, Kildare, Louth, and eastern portion of Monagh.*

*Counsellor of Antrim, Londonderry, Tyrone, and portions of Down.*

Landed  
Property Im-  
provement.

2, Kenilworth-square, Dublin,  
31st March, 1883.

Drumglass House, Dungannon,  
March 31st, 1883.

Inspectors'  
Annual  
Reports.

During the year ending this date I have made eighty progress and twelve preliminary inspections, reporting upon eighty ordinary loans, certifying for an expenditure of £12,384 10s. 10d., and setting forth and specifying under preliminary loans for an outlay of £8,045 13s. 3d. Of the former sum, £9,231 0s. 1d. was laid out on Land Improvement works, comprising open main and thorough drainage, levelling fences, planting, and construction of farm roads, fences, &c., and £8,763 10s. 8d. upon building works, such as farm dwellings, offices, and labourers' cottages.

Of the ninety-two inspections made the apportionment to the respective counties are as follows:—

Twenty-nine progress and three preliminary in the county Dublin; eleven progress and two preliminary in the county Wicklow; ten progress and two preliminary in the county Kildare; thirty progress and five preliminary in the county Louth; five progress in the county Louth; two progress in the county Westmeath; three progress in King's County; and one progress each in the counties of Down and Caran, these latter being outside my district.

The above analysis, as compared with last year's report, shows a decrease in the general expenditure of £4,324 13s. 8d., whereas there is an increase of new loans by one, and of contemplated outlay of £1,758 9s. 8d. over last year.

During the year twenty-seven outstanding loans have been closed, the full amounts in each case having been satisfactorily accounted for.

I have to report the works generally executed carefully and well, the moneys advanced, fairly expended, and the beneficial results therefrom considerable.

Considering the great facilities afforded "tenants" under the recent Land Act to borrow independently, and which is so largely availed of, the report of this year's working, as against last, compares very favourably.

ED. O'BRIEN SMITH, Archt. and C.E.

Since 31st March, 1882, I have made in all sixty-eight inspections, twelve of which have been preliminary, the remainder ordinary progress inspections, so that this will show an increase in drainage loans to the preceding year.

The Earl of Bedford is expending a large loan for useful and remunerative works in the way of thorough drainage, reclamations, repair of farm roads, and shelter plantations, &c., on his Tyrone property, near Dungannon, and a second loan on building labourers' dwellings, farm buildings, and farm residences on the same property, which has given a great deal of work to both labourers and tradesmen of all sorts since the commencement.

Viscount Templetown is also carrying on extensive drainage works alongside the Six Milewater, in the county Antrim, making a long discharging drain at a low level, taking advantage of the fall in the river in order to effect most important thorough drainage in Castle Upton Demesne, as well as for tenants outside. This will be highly remunerative.

The sea embankment at the Kinnegor, Holywood, county Down, on the property of Captain John Harrison, has been successfully completed this last winter under a supplemental loan.

I have been called on last month to inspect six loans on the property of Mr. A. J. R. Stewart, of Arlis, county Donegal, which comprised heavy sea embankments, thorough drainage, fence walls, sheep drains, plantation for shelter, labourers' dwellings, fencing, and other works—amounting in all to £21,753. Some of these loans have not been exhausted. An immunity of good has been effected by the expenditure, both in giving largely employment, and leaving behind repaying works.

I find there is an increasing desire to provide a good class of slated dwelling for the labouring class, and in many instances the thriving farmer is doing away with thatched houses and offices, and building comfortable farm residences.

APPROVED C.  
—  
Loaded  
Property Im-  
provement.  
—  
Inspector's  
Annual  
Report.

I have no further remarks to make with regard to the district committed to my charge, except to state that all the different works I have inspected are giving satisfaction to the proprietors, and are being (I may say in every instance) carried out well.

The rate of labour is about the same as when I had the honour of last reporting, although, no doubt, it is scarcer, and the probability is that more drainage loans will be applied for this year than heretofore.

THOMAS R. JEWIN, Civil Engineer.

#### *Counties of Down and Donegal.*

Custom House-square, Belfast,  
April, 1883.

During the past year I have made 51 inspections, of which 34 were in the county of Donegal and 7 in the county of Down; of the 54 inspections in Donegal, 6 were preliminary inspections for new loans, applied for by what may be called peasant proprietors.

In the county of Donegal, the Earl of Leitrim still continues his extensive outlay in building, draining, reclamations, road making, fencing and planting.

The Messrs. Mungrove have now nearly completed their extensive improvements at Carrick, where their very splendid expenditure must have been of great service in that poor and much over-populated district.

Mr. Boyd, of Ballymacool, has quite finished his improvements, and the work done on his estate reflects great credit on those of his tenants who availed themselves of his assistance in obtaining the means from your Board of carrying out these works.

The peasant proprietors who have obtained loans are expending them vigorously and judiciously, and I hope and expect that their example will be largely followed by others of their class as long.

I regret to have to add that with the exception of a loan to the Earl of Erne, who is engaged in constructing an extensive embankment, whereby a valuable tract of land will be preserved from flooding, there have been no new loans granted to the landless class in my district.

I much fear that the crisis through which the country is passing has discouraged the spirit of improvement which heretofore so generally prevailed.

The wet seasons which have prevailed of late years have made evident the great want of thorough drainage, from which the country suffers so much. It is a thousand pities that any feeling should interfere to prevent mutual co-operation between landlord and tenant, whereby the land might be drained and improved, and thus add not only to the individual but to the national welfare.

Rps. MURPHY.

#### *Counties of Armagh, Queen's, Fermanagh, Leitrim, and parts of Louth, Monaghan, and Westmeath.*

25, Harcourt-street, Dublin,  
31st March, 1883.

Owing to illness I can only report on the work for nine months of last year, and in that time I made ninety inspections, nine of which were preliminary, and eighty-one to works in progress.

In the county Armagh I visited works in progress under two loans.

In the county Cavan I made four preliminary and twenty-two progress inspections, and closed nine loans, amounting to £1,343.

In the county Fermanagh I visited the works under six loans, four of which are closed, the amount of which is £1,203.

In the county Leitrim I inspected the work under seven loans, one of which is closed, amounting to £688.

I also made two preliminary inspections in the county.

In the county Louth I made three progress inspections.

In the county Monaghan I made eighteen inspections to works in progress, and closed ten loans, amounting to £5,449.

In the county Monaghan I made one progress inspection.

And in the county Westmeath I made one preliminary and sixteen progress inspections, in three of the cases the loans were closed, amounting to £1,700.

Besides the above I made six inspections in adjoining districts.

I regret to say that I have observed a disposition on the part of owners to stop their works and close their loans owing, as many of them told me, chiefly to the altered relations between them and their tenants.

ROBERT J. SWALEY, R.E.

#### *Counties of Carlow, Queen's, Kildare, Wexford, Waterford, and King's.*

Ballybar House,  
2nd April, 1883.

I beg leave to say that I have very little alteration to make in my report ending the 31st March, 1883.

My inspections are about the same in number, but they have been nearly all progress inspections, as very few new works have been opened owing, I believe, to the same cause mentioned in my report of 1881, namely—"the unsettled state of the country, there being no works opened except where the owners have the lands in their own hands." The tenants who require their lands improved, say, I believe, borrowing to some extent under the new Act.

I find great scarcity of employment in my district, which I consider likely to increase unless some steps are taken to open extensive works for drainage and reclamation as heretofore.

The works carried out by occupiers very rarely afford much employment in the district, as they are generally done by themselves, and their own permanent labourers, which does not in any way assist employment.

The progress works in my district have (I am happy to report) been carrying out in the same satisfactory manner as I reported at the close of 1881, and a considerable number of the loans have been closed.

JAMES BUTLER.

#### *County of Longford.*

Newtown Road, Edgeworthstown,  
29th March, 1883.

I beg to inform you that during the past year I have made four preliminary inspections only of small amount, all for tenant farmers, one of these cases being in the County Westmeath. I find that the landlords are not inclined to apply for any new loans to be expended on their tenants' holdings; indeed in several cases in loans of old standing, the tenants object to have the works then proposed carried out, and prefer borrowing for themselves under the Land Act of 1881.

The progress inspections made by me have been chiefly under Relief loans, which are now nearly all wound up, and both under these and ordinary loans, very valuable improvements have been made on the properties of Colonel King-Harman, M.P., Mrs. Archibald, J. S. Galbraith, Esq., R. E. Fox, Esq., J. H. Joseph, Esq., Colonel H. Masters, and many others.

I have also inspected several farm dwellings and offices, but only a few labourers' cottages, and found the work in every case well executed, according to the class given in the specification.

Notwithstanding a great outcry about distress in part of the country, there is a general complaint of the scarcity of labourers, and the high wages which they demand.

An unusual quantity of rain has fallen during the past winter, and consequently the main drains, particularly in hilly districts, have suffered considerably; but I am happy to say that steps are now being taken to repair the damages.

WILLIAM BOND.

*County of Tipperary, with parts of Galway and King's County.*

Riverstown, Nenagh,  
April 1st, 1883.

In the district in which I have been engaged, in the counties of Tipperary, Galway, and King's County, I beg to state that the inspections for, and of works, number sixty-five, of which thirty-one were for drainages, twenty-two for farm buildings and labourers' cottages, nine for lining land previously drained, and four for planting for shelter as well as for profit—showing a considerable increase, compared with the preceding year.

I find the applications for loans under the Act 10 Vic., chap. 52, have increased in the district, since the Act giving power to tenants of obtaining loans under the 51st Section of the Land Law (Ireland) Act, came into operation.

In almost every instance the works have been well and carefully executed, and in only one or two cases have I considered it necessary to suggest that the loan should be closed.

The amount of the respective loans were chiefly under £500, and the works divided pretty evenly over the district. The loans for planting were to the Marquis of Ormonde, for replanting, and to the Earl of Westmeath, who had also included some drainages; the other loans were of the ordinary class.

I have in former annual reports, directed attention to the great necessity existing for arrierial drainage, connected with the smaller rivers. All through the country, I am happy to find, this question, which, in my opinion, is one of very great importance, has been warmly taken up, and will not, I expect, be allowed to rest. The employment afforded would be of much advantage, and large tracts of land—moor and bog, would be vastly improved, a considerable extent of which would be well adapted for planting, if it were not found suitable for tillage; and were such outfall given, the farmers, I have no doubt, would quickly avail themselves of the facilities for improving their lands.

JAMES J. POE.

*County of Galway.*

Galway, 18th April, 1883.

During that period now reported on I have certified for works to the amount of £10,853 15s. 6d., of which £10,180 5s. 11d. were for operations directly connected with the improvement of the land, and £673 10s. 6d. for farm buildings. In addition to the above, I made one preliminary inspection, the estimate for which was £1,181 12s. 4d.

Some excellent specimens of thorough drainages were executed by Lord Dunsany, Mr. Dwyer, of Monte, Mr. Unker, of Eastwell, and Mr. Redington, of Killcorragh.

In the building-line I would wish to mention a very substantial and appropriate farm dwelling which has been erected by Mr. Ffrench, on his property at Elm Hill.

Two most important roads were commenced and

partially executed by Mr. Berridge, on his estates in Connemara. The first leads from the Gough District to Laver, the second from Scarb to Costelloe. I know of no work which would be of greater benefit to the people of this district than the completion of these roads. It would enable them to utilize, for numerous purposes, the wet weed, which is found in great abundance along the coast, while for the purposes of tannery and the conveyance of farm produce, its advantages would be incalculable. It is to be hoped that this work of such paramount importance, will soon be renewed and brought to a speedy completion. I regret to state that during the past year there has been a great falling off in the number of loans and the amount of work executed in my district. Some improvement, however, seems to be now setting in, and it is a favourable sign to see Lord Clonbrock obtaining a loan of £5,000 for the improvement of his estates near Antrim.

EDWARD TOWNESE, M.A., C.E.

*Counties of Mayo and Sligo.*

Ballina, 27th March, 1883.

During the year ending this March a large amount of Improvement Works has been executed, and by their construction considerable employment given to labourers. The works done were partly those for the completion of relief loans, and partly on account of ordinary loans. The benefit derived from the expenditure for both loans has been on the whole most satisfactory, several properties having reaped much advantage, of which numerous examples might be cited showing the great increase in value effected by a judicious outlay upon works of drainages, fencing, subsoiling, farm roads, buildings, &c.

The number of proprietors' loans applied for and sanctioned during the past year are not so numerous as in former years, in consequence of the altered relations existing between landlord and tenant, as under the Land Act of 1881 tenants can obtain loans independent of their landlords. The loans that have been lately sanctioned to proprietors are generally to be applied to works for the improvement of lands held in their own hands, or else let by them as grazing farms. Several lessor loans have been sanctioned during the year to be expended upon various improvements upon their holdings. Memorials for new loans from lessors are increasing.

WILLIAM HOGAN, C.E.

*County of Limerick.*

68, George-street, Limerick,  
9th April, 1883.

I beg to state, for the information of the Commissioners of Public Works, that during the year ending 31st March last I made 8 preliminary and 51 progress inspections, reported upon 43 loans, specified for an outlay of £2,550 on Land Improvement works, and certified for a total expenditure of £8,926 10s. 1d., of which sum £8,137 17s. 1d. was spent on Land Improvement works, comprising open main and through drainages, the construction of farm roads and fences, planting, &c., and £789 2s. on building works, including the erection of farm dwellings, offices, &c., and labourers' cottages.

I have to state that the total expenditure during the year just ended is less than that of the preceding one by £7,462 0s. 7d., the sum expended during that year on Land Improvement works being £3,929 15s. 4d. in excess of that of the past year, and on building works £3,533 5s. 3d.

The works which came under my notice during the year do not call for any special remarks, as they were all of the ordinary character.

WM. SIDNEY COX, C.E.

APPROVED BY  
Landed  
Property Im-  
provement  
Inspector's  
Annual  
Reports.

## APPENDIX C.

Landed  
Property Im-  
provement.  
—  
Inspector's  
Annual  
Reports.

## County of Clare.

Office, Ennis, 3rd April, 1833.

During that period I made 43 progress inspections, of which 13 were on relief and 30 on ordinary loans. The total amount certified by me was £4,337 8s. 6d., which is apportioned under the following heads, viz.—Farm buildings, £1,738 12s. 6d.; open main and thorough drainage, £1,779 18s. 8d.; clearing and fencing, £385 5s. 11d.; farm roads, £79 8s. 4d.; slaying and liming, £161 4s. 6d.; and planting, £59 1s.

I also made two preliminary inspections, specifying for an expenditure of £243 11s. 4d.

The above expenditures are small, compared with that of the previous year, and I am aware that there was a great scarcity of employment and consequent distress amongst the labouring classes during the past winter.

The relief loans in my district are now nearly all closed, and I have pleasure in stating that they were of very material benefit to the country, giving employment when it was much needed, and affording proprietors an opportunity of executing extensive reclamation works, which, under other circumstances, they would not undertake.

JOHN LOEBEL, Mesh. Inst. C.E.I.

## County of Cork—Southern and Western Divisions.

7, Charles-street, Cork,  
28th March, 1833.

I have much pleasure in bearing testimony to the very considerable area of land which I have seen improved and reclaimed during the last twelve months with money lent by your Board. I have, moreover, almost invariably found that, while these works have done much to relieve distress, by giving employment to comparatively unskilled labourers in some of the poorer localities, they have been well and honestly carried out in conformity with the approved specifications, &c., furnished to borrowers for their guidance. Since the commencement of April, 1832, I have carried out your instructions, by inspecting, in 78 different cases of loans made for the several purposes enumerated in the Acts of Parliament under which I am employed. The total number of inspections which I have so made being 115. I further find that in 55 out of the 78 cases referred to, loans were granted for the ordinary purposes of drainage, fencing, and general reclamation; in 13 for building only, and in 11 for the combined purposes of building and drainage, &c. As no case of the latter description came under my notice prior to the 1st of October, 1832, I cannot help remarking how eagerly borrowers seem to avail themselves of the Board's new regulation, by which the above-named classes of improvements may be combined under the same loan in cases where the total amount applied for does not exceed £200.

Again, referring to the 78 cases of different loans which have come under my notice during the year, I

beg to observe that 26 were applications for new loans, in which preliminary inspections were made; while, of the remaining 52 cases, I made progress inspections in 19 instances, for the purpose of winding up and closing "relief loans" under the Act of 1818. Of these latter, one was the case of a large loan to Sir Richard M'grange, of Toverin, in the county of Waterford, and another, that in which a loan of £2000 to Lord Charles C. P. Clinton on his Berkmara property, had to be virtually abandoned, because the tenants refused to take the money, consequent upon the disturbed state of the country.

As for the most part, my lot as an Inspector has been cast amongst the class known as the *landholding tenant/owners* of the country, my special attention has been more particularly directed to those cases—cases in which the amounts of loans applied for and granted by your Board may probably average £120, and rarely, if ever, exceed the sum of £200. From such cases I have undoubtedly derived my principal experience in this district, as a Land Improvement Inspector, and it is, consequently, by a reference to them that I can best form an opinion upon the general working of the Acts referred to.

RICHARD I. J. LEWIS.

## County of Cork.

Cork, 29th March, 1833.

I made fewer preliminary inspections than formerly, as there are various Inspectors reporting on them in different districts. The progress cases both for land improvement and building were of a very satisfactory nature. There is not at all the same anxiety on the part of landlords to take large loans for their tenants, but the occupiers are very anxious to take small loans themselves.

The work in the latter cases cannot be expected to be so well executed, but they do a vast amount of good.

J. T. CROFTALL.

## County of Kerry.

Askrigg Cottage, Kinnegore,  
31st March, 1833.

All the works during last year have been confined to winding up and accounting for the loans after August, 1832 and 1831, and since last July there have been but very few outstanding. The amount of my certificates for the whole of last year is not one-fourth of what it was for the year ending 31st March, 1832, when progress bills were furnished by me to the amount of £18,492 from a limited district comprising the three southern baronies, where several other Inspectors were employed ever since 1830, who will make a similar report of various amounts of falling-off.

HARVEY STOKES.

## APPENDIX D.

LANDED PROPERTY IMPROVEMENT ACTS, 10th Vic., chap. 32, &amp;c.

SCHEDULE—Showing the Loans in progress, the Amounts sanctioned, and issued by Instalments, with the Date of last Order to Issue, to the 31st March, 1883.

## NORTHERN DISTRICT.

| County.      | Applicant.                                  | Amount sanctioned. | Amount issued. | No. of Instalments issued. | Date of last Order to Issue. |

By Order,

E. HENNESSY, Secretary.

Office of Public Works,  
Dublin, 1st May, 1883.

## APPENDIX E.

TREASURY CHAMBERS, WHITEHALL,  
21st December, 1881.APPENDIX E.  
Land Law  
Act, 1881 (No.  
70).My Lords read subsection 2 of section 31 of the Land Law (Ireland), Act, 1881, 44 & 45  
Vic. c. 49, which runs as follows:—

"The Treasury may authorize the Board of Works to make advances for like purposes to an occupier of land when satisfied that the tenancy or other security which he may have to offer is such as to insure repayment of principal and interest within such number of years as the Treasury may fix, or when the landlord joins the occupier in giving such security.

"Any advance to an occupier under this subsection shall be subject to the provisions of the Landed Property Improvement (Ireland) Acts, so far as the Treasury may declare the same to be applicable, and shall have priority over all charges and incumbrances whatever upon the tenancy of such occupier, except rent, unless the landlord is a party to the advance and agrees to postpone the rent to it; but before such advance is made one month's previous notice thereof shall be given in a newspaper circulating in the district within which the said holding is situated, and in such other manner as the Board of Works may prescribe; and such advance shall not have priority over any charge or incumbrance of which the Board of Works may have had notice in writing given them before making the advance."

They also read, and approve of the Instructions, Form of Memorial, and Form of Deed of Charge hereto appended, which have been prepared by the Commissioners of Public Works (Ireland), for administering the said subsection.

ADVANCEMENT.  
Land Law  
Act—Loans to  
Tenants.

My Lords in execution of the power given to them by the subsection quoted above, declare that the following provisions which, under the Landed Improvement (Ireland) Acts, are applicable to advances to owners, are also applicable, mutatis mutandis, to advances to occupiers under the Land Law (Ireland) Act, 1881, namely:—

#### 10 & 11 Vic, c. 32.

Section 3.—Incorporation of Commissioners. Power to appoint surveyors, &c.  
Section 4.—Objects for which loans may be made.  
Section 5.—No loan to be made until sanctioned by the Treasury.  
Section 12.—Commissioners may take security for costs.  
Section 14.—Expenses of inquiry may form part of charge.  
Section 15.—Commissioners may cause survey to be made.  
Section 17.—Commissioners may enter lands. Compensation for damage.  
Section 18.—Commissioners may make rules, and circulate forms.  
Section 23.—Errors and omissions not to invalidate proceedings.  
Section 27.—Loan to be issued by instalments.  
Section 29.—Labourers to be paid in money.  
Section 30.—Sanction to alterations, &c.  
Section 31.—Sanction to alterations, &c.  
Section 32.—Sanction to alterations, &c.  
Section 33.—Power to summon witnesses.  
Section 37.—Perjury.  
Section 38.—Assaults on Commissioners, &c.  
Section 39.—Roads, &c., to be exempt from stamp duty.  
Section 60.—Notices may be sent by post.  
Section 65.—Saving of rights of the Crown in reclamations from tidal waters or rivers.

#### 12 & 13 Vic, c. 59.

Sections 1, 2.—Certificate of indebtedness to be conclusive evidence.  
Section 3.—Failure to proceed with work.  
Section 4.—Power to sanction alterations of plans, &c.

#### 15 & 16 Vic, c. 34.

The whole Act. (Scotch Mills.)

#### 23 & 24 Vic, c. 19.

The whole Act. (Labourers' Cottages.)

#### 24 & 25 Vic, c. 71.

The whole Act, so far as it is in force (accounts to be kept by the Board of Works).

#### 25 & 26 Vic, c. 29.

Section 3.—Board of Works may fix limits of time for completion of works under Land Improvement Acts.

#### 29 & 30 Vic, c. 40.

Section 5.—Additional purposes for which loans may be made.

My Lords, while thus providing for the administration of the loans contemplated by the Land Law (Ireland) Act, 1881, to occupiers of land, deem it advisable to put on record, at the same time, some of the principal reasons by which they have been guided in directing these Regulations to be framed as they now stand.

They have taken the scope of the subsection quoted at the beginning of this Minute to be: to extend, under certain conditions, to occupying tenants the privilege of borrowing from Government, on the same favourable terms as owners are enabled to borrow under the Landed Property Improvement Acts, which are Scheduled to the Irish Land Law Act, 1881.

Accordingly my Lords have retained from the Act 10 & 11 Vic, c. 32, the same rule as to the proportion (one-fifth) of the whole loan which may be advanced at any one time, the same conditions as to proof that the preceding advances have been duly expended, the same rate of interest (3½ per cent.) and the same period of repayment (22 years) by equal half-yearly instalments, as are prescribed for owners who borrow under that statute.

But while my Lords have felt that in accordance with what they understand to be the intention of Parliament, they might properly offer the same terms of borrowing to the occupiers as have hitherto been offered to the owners of land, they have felt it to be no

less their duty to regard that express direction in the said section of the Land Law (Ireland) Act, 1881, whereby they are commanded to authorize the Board of Works to make advances to occupiers only when satisfied with the security which they have to offer.

My Lords have read this latter direction as amounting to more than a caution to look narrowly into the credit of each individual applicant. For it is obvious that the central Government could never protect itself in this manner with the same efficacy as the local lender. They considered, long and anxiously, whether it might not be possible to give effect to the intention of Parliament by arrangements with the local banks; but they were met by the insuperable objection that the loans in question must run for longer periods than brought them within the range of banking business.

Under the Landed Property Improvement Acts, no loans are allowed to be made for a less amount than £100, and my Lords are of opinion that in offering loans to occupying tenants the same minimum sum (£100) should be adopted, so that the experiment, at least in the first instance, may be tried with the more substantial members of the class.

In consideration of the difference in the value of the security offered by a charge on the fee-simple and a charge confined to the tenant's interest in his holding, my Lords have decided that the maximum loan to an occupying tenant shall not exceed five times the Poor Law Valuation of his holding. In the case of owners under the Landed Property Improvement Acts the maximum is limited to seven times each valuation.

As regards the amounts of the official fees, my Lords have been guided in fixing them by the consideration that they are not authorized to make these loans knowingly a cause of ultimate expense to the general body of tax-payers. The fees cover not only all expenses to which applicants are usually put for the preparation and correction of plans, but also all official charges whatever, up to the repayment of the loan, and have been calculated at the lowest rate which will cover the probable expense of administration.

APPENDIX E.  
Land Law  
Act—Loans to  
Tenants.

The portions  
printed in  
italics have been  
revised by  
instructions  
contained in  
Treasury  
Letters, dated  
30th October,  
1882, and  
17th March,  
1883. See  
Appendix A.

## SCHEDULE TO THE FOREGOING MINUTE

### No. 1.

#### INSTRUCTIONS TO OCCUPIERS OF LAND DESIROUS OF OBTAINING LOANS under the 31st Section of the above mentioned Act.

##### I.

The following are the several Purposes for which Advances may be made under the 31st Section of the Land Law (Ireland) Act, 1881, the Conditions to which they will be subject, and the mode of Application and Course of Proceeding which will be adopted:—

##### PURPOSES for which LOANS may be advanced.

The purposes for which advances to tenants for the improvement of their holdings may be made are:—

1. Thorough drainage.
2. Subsoiling and trenching, or otherwise deepening and improving the soil.
3. Irrigation or warping.
4. Embanking from rivers or tidal waters.
5. Formation or improvement of fences, drains, streams, or watercourses.
6. Making farm-roads.
7. Clearing of rocks and stones.
8. Reclamation from waste.
9. Planting for shelter.
10. Erecting or enlarging farm-houses or offices.
11. The erection or improvement of labourers' cottages.
12. The erection of mill buildings for the scutching of flax, and for the formation of watercourses and dam weirs for providing water for same.

##### II.

##### CONDITIONS to which LOANS will be SUBJECT.

1. No loan will be granted for a less sum than £100, or will any loan be granted for a greater sum than five years of the annual value of the holding to be charged with the repayment of the loan, as determined by the Poor Law Valuation. Such gross amount to include each and every purpose for which such loan may be granted.
  2. The period for repayment of a loan will be twenty-two years, the annual instalment in payment of principal and interest being at the rate of £6 10s. per cent.
- In all cases such instalments are to be paid by two equal half-yearly payments.

NOTE.—The  
paragraphs  
printed in  
italics have  
been revised  
by the order of  
the Lords  
Commissioners  
of her Ma-  
jesty's Treas-  
ury. See  
Appendix E, op-  
posite 87, re-  
vised.

*Advocate E.*  
Land Law  
Act—Loans to  
Tenants.

The Commissioners of Public Works will take as security for the loan a deed from the tenant charging his tenancy with the amount, together with the additional security of a deed of covenant by two solvent sureties for the due application of the loan, and for the payment of the instalments.

8. When application is made by a tenant for a loan for the purpose of improving any existing labourers' cottages, or for building any new cottages, the limitation laid down in the 18th section of the Land Law Act, as to the number of cottages which shall not be exceeded in respect of any one holding, shall be held to apply to holdings in respect of which application is made, viz.:—That where the holding contains not more than twenty-five acres of tillage land the number of such lettings (i.e., for cottages) shall not exceed one, and that where the holding contains more than twenty-five acres of tillage land, but not more than fifty acres of such land, the number of such lettings shall not exceed two, and so in proportion to the acreage of tillage lands in the holding after fifty acres.

4. The time within which loans must be expended will not in any case exceed three years, nor eighteen months when the loan is under £150, the time in each case to reckon from the day upon which the security for the loan is entered into by the borrower.

5. Except on the written authority of the Commissioners, no deviation whether by omission or addition, from the plans and specification approved will be allowed.

### NOTE.

The above conditions do not apply to Loans under the 19th Section of the Land Law (Ireland) Act, 1881.

### III.

#### MANNER AND FORM OF APPLICATION FOR LOANS, AND COURSE OF PROCEEDINGS.

*NOTE.—The  
paragraphs  
printed in  
italics have  
been revised  
with the  
authority of the  
Land Commis-  
sioners of the  
Municipal  
Treasury.  
For revised  
provisions see  
Appendix B.*

6. Application for loans must be addressed to "The Secretary, Office of Public Works, Dublin," in the form of a memorial, in which the following particulars will be required to be stated, viz.:—(a) The name of the townland, parish, barony, poor law union, and county in which is situate the holding in respect of which the loan is sought; the acreage of such holding; annual rent payable, and up to what date it has been fully paid; whether it is a rent fixed by the Court or not; the gale days; the Poor Law Valuation; and whether the land is sub-let, and if so, to what extent; the nearest post town; the name and address of the landlord under whom such holding is held, or his known agent, and of the proposed two sureties.

(b) The nature of the tenancy and the date of its commencement, whether before or after 22nd August, 1881, being the date of passing of the Act, whether the applicant has a statutory term therein, the amount of the loan sought for, and the objects or purposes of improvement on which it is intended to be expended, also whether the landlord is prepared to postpone the payment of the rent to the loan if granted.

7. On receipt of the memorial, notice of the application will be given in some newspaper circulating in the district in which the holding is situated, and also in the General Advertiser, once in each of two successive weeks, the latest of which notices shall be given at least one month before the advance is made. A copy of the notice will also be sent by the post by the Commissioners of Public Works to the landlord of the holding at his address, or to his known agent, or to the person receiving his rents, as furnished by the tenant when making application for the loan, as hereinafter mentioned, and the Board of Works will inquire into the nature of any charge or incumbrance which may be reported to them in pursuance of such notice.

8. If no objection arises on the notice, the Commissioners of Public Works will cause the holding which is the subject of it to be visited by an Inspector, who will make inquiry with regard to the proposed works and furnish his report with the estimate, and prepare such plans and specifications as may be necessary.

The applicant will not be required to undertake any expense for this purpose.

9. If the report is satisfactory and the loan sanctioned, the applicant will be called on to execute the prescribed deed, and to give such other security as is required.

10. On the security being completed, the applicant will be qualified to receive the first instalment, not exceeding one-fifth part of the loan, to enable him to proceed to carry out the proposed works.

11. Advances, after the first, will be made by instalments, upon proof satisfactory to the Commissioners that work equivalent to the previous instalment or instalments has been executed, and is maintained in good condition. If, however, work equivalent to two or more instalments has been executed since the payment of the last instalment, two or more instalments may be claimed at the same time.

12. The Commissioners and their agents will be at liberty to inspect the works at all reasonable times until the loan is repaid, and the occupier will be bound to give every facility for such inspection.

The occupier will be bound to produce whenever required the receipts for his rent, and receipts or vouchers for, or other satisfactory evidence of, the expenditure of the advances, and such evidence as the Commissioners may require to prove compliance with these rules and the covenants in the deed forming the security.

ADVANCE II.  
Land Law  
Act—Loans to  
Tenants.

13. Where the applicant has received an instalment, and afterwards assigns, or dies, or otherwise parts with his interest, subsequent instalments will not be advanced unless his successor in the tenancy, or in the lands which are the subject of the tenancy, executes a further security if the Commissioners think fit to require it.

14. The person liable to repay the loan may, with the approval of the Commissioners, accelerate the repayment of the loan by increasing the amount of the annual instalments to such an amount as will repay the loan in less than twenty-two years.

He may also at any time pay off the unpaid portion of the loan in accordance with the scale specified in the security.

15. Loans not exceeding £100 will be subject to a single charge of 25, to be deducted from first instalment advanced, to meet expenses connected with the loan. Loans exceeding £100 will be subject to the additional charge of 10s. for each £20, or part of £20, of such excess, to be in like manner deducted, but never to be more than £10 in the whole for any loan, in satisfaction of all official charges, so long as the instalments continue to be regularly repaid, up to the end of the term for payment of the loan.

16. Nothing contained in these instructions shall be taken to prejudice or affect applications for loans for the improvement of land made by owners of land, as defined by the 6th and 7th sections of the Act 10 & 11 Vic., cap. 32, intitled "An Act to facilitate the Improvement of Landed Property in Ireland," and where any application for a loan is made by a tenant of lands who is qualified to obtain a loan under the definition of the term "owner" contained in the above mentioned 7th section, the loan shall be made under the said Act and not under the Land Law (Ireland) Act, 1881.

NOTE.—Forms of memorial will be furnished on application to the Secretary of the Board of Public Works, as also forms of application for payment of instalments in respect of progress made.

Office of Public Works, Dublin, December, 1881.

## No. 2.

### FORM of APPLICANT'S MEMORIAL to the COMMISSIONERS of PUBLIC WORKS in IRELAND.

#### The MEMORIAL of the UNDERSIGNED

##### SHEWETH:

That your Memorialist is within the meaning of "The Land Law (Ireland) Act, 1881," an occupier of Land, and is now in the occupation of the Lands mentioned in the Schedule herewith annexed.

That your Memorialist proposes to increase the value of the said Lands by the execution of the following works [Here state as shortly and accurately as possible the proposed works, and give measurements of them so far as they admit of it]:—

The expense of executing such works is estimated at the sum of \_\_\_\_\_ Pounds sterling; and that the estimated increase in the annual value expected to arise to the said Lands, the subject of such proposed improvements, amounts to \_\_\_\_\_ Pounds.

That Memorialist holds the said Lands and Premises as Tenant [Here state the nature of the tenancy].

That the said Lands are now under [Here state whether under Tillage or Grass, or otherwise].

That Memorialist's Landlord has [Here insert the words "agreed" or "not agreed," as the case may be] to postpone the payment of the Rent payable to him for said holding to the Loan for which Memorialist now applies.

And this Memorialist now applies and asks for the sum of \_\_\_\_\_ Pounds, by way of Loan, under the provisions of the said Act, for defraying the expense of the proposed works, with such alterations and modifications as the Commissioners of Public Works may approve of.

Dated at this day of 188 .

## No. 4.

## FORM OF DEED OF CHARGE AND DEED OF COVENANT BY SURETIES.

THIS INDENTURE, MADE the \_\_\_\_\_ day of \_\_\_\_\_ One Thousand Eight Hundred and Eighty-\_\_\_\_\_, BETWEEN \_\_\_\_\_ of \_\_\_\_\_ in the County of \_\_\_\_\_ Tenant Farmer, hereinafter called "the said Tenant," of the one part, and the COMMISSIONERS OF PUBLIC WORKS IN IRELAND, incorporated by the Statute 10 and 11 Victoria, cap. 32, and acting in execution of "The Land Law (Ireland) Act, 1881," and of "The Landed Property Improvement (Ireland) Act," as defined by the said "Land Law (Ireland) Act, 1881," hereinafter called "the said Commissioners," of the other part.

WHEREAS the said Tenant is Occupier of the Lands hereinafter mentioned under a \_\_\_\_\_ at the yearly rent of \_\_\_\_\_ payable on the \_\_\_\_\_ day of \_\_\_\_\_ and the \_\_\_\_\_ day of \_\_\_\_\_ in every year.

AND WHEREAS the said Tenant hath made application to the said Commissioners, under the 31st Section of "The Land Law (Ireland) Act, 1881," to lend to him the sum of \_\_\_\_\_ Pounds, to be advanced by instalments, in accordance with the provisions of "The Landed Property Improvement (Ireland) Act," so far as the Treasury have declared the same to be applicable, and also in accordance with the regulations of the Commissioners, to be expended in the Works hereinafter mentioned, that is to say, \_\_\_\_\_ and in defraying the costs and expenses incurred by the said Commissioners in relation to the Loan, and to be repaid with interest as hereinafter mentioned, and the Commissioners have agreed to make such Loan.

NOW THIS INDENTURE WITNESSETH that, in pursuance of the said Agreement, and in consideration of the sum of \_\_\_\_\_ Pounds, to be lent as aforesaid, the said Tenant doth hereby charge the Lands of \_\_\_\_\_ in the Barony of \_\_\_\_\_ in the County of \_\_\_\_\_ and all his tenancy, estate, and interest therein, with the payment to the said Commissioners or their Assigns of all advances from time to time made to him by the said Commissioners, in pursuance of the said agreement, with interest on such advances, at the rate of \_\_\_\_\_ per cent. per annum. PROVIDED ALWAYS that if the said Tenant, his Executors, Administrators, or Assigns shall pay to the said Commissioners or their Assigns, during a period of twenty-two years, Six Pounds Ten Shillings a-year in respect of every instalment of One Hundred Pounds advanced, and so in proportion for every lesser sum, by equal half-yearly payments, on the Fifth day of April and the Tenth day of October in every year, the first of such payments in respect of each instalment to be made on the second of the said gale days after the advance of the instalment, together also with interest at the rate aforesaid on each instalment advanced, from the date of the advance to the first gale day after the advance; and shall observe the covenants contained in this Indenture; then the said Commissioners or their Assigns shall not call in the said loan or such part thereof as shall for the time being remain unpaid: and if the said Tenant discharges the said loan in manner aforesaid, then the said Commissioners or their Assigns will release the said Tenant, his Executors, Administrators or Assigns, and the said Lands, and his tenancy, estate and interest therein, from the sums so advanced and the interest thereon, and all powers and remedies for the recovery of the same. PROVIDED ALWAYS that if the said Tenant, his Executors, Administrators, or Assigns shall make default in payment of any such half-yearly payment as aforesaid, for the space of Six Calendar months next after the day so appointed for the payment of the same, then all the advances made by the Commissioners on the security of this Indenture, with interest thereon, so far as such advances and interest are then unpaid shall forthwith become payable by the said Tenant, his Executors, Administrators or Assigns to the Commissioners or their Assigns, as a present debt, the amount whereof (in addition to all instalments in arrear and interest upon both amounts) shall be ascertained according to the scale contained in the Schedule to this Indenture. AND the said Tenant doth hereby for himself, his Heirs, Executors, and Administrators covenant with the said Commissioners and their Assigns that the said Tenant, his Executors, Administrators, or Assigns will make the said half-yearly payments at the times and in the manner hereinbefore provided, and will duly expend the said sum and every advance made on account thereof, after deducting the charges for the Commissioners' expenses, in and upon the said works on the Lands above-mentioned, and will maintain the works in an efficient state and will permit any person for the time being appointed by the said Commissioners at all reasonable times to enter and inspect the said works.

AND, FURTHER, that he or they will, so long as any money remains due on this security pay the rent and observe and perform all the conditions of his or their Tenancy in the said Lands, and will not do anything whereby such Tenancy would become liable to be determined. AND will, from time to time, when required by the said Commissioners, or their Assigns, produce the receipts for the rent so payable as aforesaid. AND it is hereby declared that the powers given to Mortgagees by sections nineteen to twenty-four, both included, of the Conveyancing and Law of Property Act, 1881, shall apply to the security hereby created, but with this variation, that the power of sale conferred by the same Act shall become enforceable from time to time, in case the said Tenant, his Executors, Administrators or Assigns shall make default in respect of any half-yearly payment under these presents for the space of six calendar months next after either of the gale days hereby appointed for the payment of the same, or fail to observe any of the covenants contained in this Indenture.

## APPENDIX E.

Land Law Act—5-1881 to Tenants.

The portions printed in italics have been revised by Treasury Instructions. For revised portions see Appendix C.

APPROVED BY  
Land Law  
Act—Loans to  
Tenants.

IN WITNESS whereof the said Tenant hath hereto subscribed his name and affixed his Seal, and the said Commissioners have hereto caused their Common Seal to be affixed the day and year first in these presents written.

Signed, Sealed, and Delivered by the  
said Tenant in presence of

Sealed by the said Commissioners  
in presence of

SCHEDULE referred to in the foregoing DEED.

REDEMPTION in respect of every £100 of Principal advanced, equal to an Annuity of £6 10s. per cent. for 22 years.

The portions  
printed in  
italics have  
been verified by  
Treasury  
Instructions.  
For revised  
portions see  
Appendix C.

If the Rent-charge is in default One Calendar Month after the following payments become due, the amount due in respect of each £100 will be shown in the 3rd Column, to which must be added the amount of the Instalments in Arrear, together with Interest upon both amounts from the last date to the date of the final discharge of the said amount.

| No. of Instalments paid, or balance due. | No. of Half-yearly Instalments to be advanced. | The Amount to be repaid in respect of each £100 advanced will be | No. of Instalments paid, or balance due. | No. of Half-yearly Instalments to be advanced. | The Amount to be repaid in respect of each £100 advanced will be |

N.B.—This table must be applied to every Instalment of the Loan if advanced in different half-years ending 4th April and 9th October.

The following are the sections of the Conveyancing and Law of Property Act, 1881 (44 & 45 Victoria, Cap. 41), which apply to the foregoing deed:—

19.—(1.) A mortgage, where the mortgage is made by deed, shall, by virtue of this Act, have the following powers, to the like extent as if they had been in terms conferred by the mortgage deed, but not further (namely):

(i.) A power, when the mortgage money has become due, to sell, or to concur with any other person in selling, the mortgaged property, or any part thereof, either subject to prior charges, or not, and either together or in lots, by public auction or by private contract, subject to such conditions respecting title, or evidence of title, or other matter, as he (the mortgagee) thinks fit, with power to vary any contract for sale, and to buy in, at an auction, or to rescind any contract for sale, and to re-sell, without being answerable for any loss occasioned thereby; and

(ii.) A power, at any time after the date of the mortgage deed, to insure and keep insured against loss or damage by fire any building, or any effects or property of an insurable nature, whether situate to the freehold or not, being or forming part of the mortgaged property, and the premiums paid for any such insurance shall be a charge on the mortgaged property, in addition to the mortgage money, and with the same priority, and with interest at the same rate, as the mortgage money; and

- (iii.) A power, when the mortgage money has become due, to appoint a receiver of the income of the mortgaged property, or of any part thereof; and
- (iv.) A power, while the mortgage is in possession, to cut and sell timber and other trees ripe for cutting, and not planted or left standing for shelter or ornament, or to contract for any such cutting and sale, to be completed within any time not exceeding twelve months from the making of the contract.

ARTICLE 2.  
—  
Land Law  
Act—Loans to  
Tenants.

(2.) The provisions of this Act relating to the foregoing powers, comprised either in this section, or in any subsequent section regulating the exercise of those powers, may be varied or extended by the mortgage deed, and, as so varied or extended, shall, as far as may be, operate in the like manner and with all the like incidents, effects, and consequences, as if such variations or extensions were contained in this Act.

(3.) This section applies only if and as far as a contrary intention is not expressed in the mortgage deed, and shall have effect subject to the terms of the mortgage deed and to the provisions therein contained.

(4.) This section applies only where the mortgage deed is executed after the commencement of this Act.

29.—A mortgagee shall not exercise the power of sale conferred by this Act unless and until—

- (i.) Notice requiring payment of the mortgage money has been served on the mortgagor or one of the several mortgagors, and default has been made in payment of the mortgage money, or of part thereof, for three months after such service; or
- (ii.) Some interest under the mortgage is in arrear and unpaid for two months after becoming due; or
- (iii.) There has been a breach of some provision contained in the mortgage deed or in this Act, and on the part of the mortgagor, or of some person concurring in making the mortgage to be observed or performed, other than and besides a covenant for payment of the mortgage money, or interest thereon.

31.—(1.) A mortgagee exercising the power of sale conferred by this Act shall have power, by deed, to convey the property sold, for such estate and interest therein as is the subject of the mortgage, freed from all estates, interests, and rights to which the mortgage has priority, but subject to all estates, interests, and rights which have priority to the mortgage; except that, in the case of copyhold or customary land, the legal right to admission shall not pass by a deed under this section, unless the deed is sufficient otherwise by law, or is sufficient by custom, in that behalf.

(2.) Where a conveyance is made in professed exercise of the power of sale conferred by this Act, the title of the purchaser shall not be impeachable on the ground that no case had arisen to authorize the sale, or that due notice was not given, or that the power was otherwise improperly or irregularly exercised; but any person damaged by an unauthorized, or improper, or irregular exercise of the power shall have his remedy in damages against the person exercising the power.

(3.) The money which is received by the mortgagee, arising from the sale, after discharge of prior incumbrances to which the sale is not made subject, if any, or after payment into Court under this Act of a sum to meet any prior incumbrances, shall be held by him in trust to be applied by him, first, in payment of all costs, charges, and expenses, properly incurred by him, as incident to the sale or any attempted sale, or otherwise; and secondly, in discharge of the mortgage money, interest, and costs, and other money, if any, due under the mortgage; and the residue of the money so received shall be paid to the person entitled to the mortgaged property, or authorized to give receipts for the proceeds of the sale thereof.

(4.) The power of sale conferred by this Act may be exercised by any person for the time being entitled to receive and give a discharge for the mortgage money.

(5.) The power of sale conferred by this Act shall not affect the right of foreclosure.

(6.) The mortgagee, his executors, administrators, or assigns, shall not be answerable for any involuntary loss happening in or about the exercise or execution of the power of sale conferred by this Act or of any trust connected therewith.

(7.) At any time after the power of sale conferred by this Act has become exercisable, the person entitled to exercise the same may demand and recover from any person, other than a person having in the mortgaged property an estate, interest, or right in priority to the mortgage, all the deeds and documents relating to the property, or to the title thereto, which a purchaser under the power of sale would be entitled to demand and recover from him.

32.—(1.) The receipt in writing of a mortgagee shall be a sufficient discharge for any money arising under the power of sale conferred by this Act, or for any money or securities comprised in his mortgage, or arising thereunder; and a person paying or transferring the same to the mortgagee shall not be concerned to inquire whether any money remains due under the mortgage.

(2.) Money received by a mortgagee under his mortgage or from the proceeds of securities comprised in his mortgage shall be applied in like manner as in this Act directed respecting money received by him arising from a sale under the power of sale conferred by this Act; but with this variation, that the costs, charges, and expenses payable shall include the costs, charges, and expenses properly incurred of recovering and receiving the money or securities, and of conversion of securities into money, instead of those incident to sale.

33.—(1.) The amount of an insurance effected by a mortgagee against loss or damage by fire under the power in that behalf conferred by this Act shall not exceed the amount specified in the mortgage deed, or, if no amount is therein specified, then shall not exceed two third parts of the amount that would be required, in case of total destruction, to restore the property insured.

(2.) An insurance shall not, under the power conferred by this Act, be effected by a mortgagee in any of the following cases, namely:—

- (i.) Where there is a declaration in the mortgage deed that no insurance is required;
- (ii.) Where an insurance is kept up by or on behalf of the mortgagor in accordance with the mortgage deed;

APPENDIX E.  
 THE LAW  
 AND EQUITY  
 IN  
 TENANTS

(iii.) Where the mortgage deed contains no stipulation respecting insurance, and an insurance is kept up by or on behalf of the mortgagor, to the amount in which the mortgage is by this Act authorized to insure.

(3.) All money received on an insurance effected under the mortgage deed or under this Act shall, if the mortgage so requires, be applied by the mortgagee in making good the loss or damage in respect of which the money is received.

(4.) Without prejudice to any obligation to the contrary imposed by law, or by special contract, a mortgagee may require that all money received on an insurance be applied in or towards discharge of the money due under his mortgage.

24.—(1.) A mortgagee entitled to appoint a receiver under the power in that behalf conferred by this Act shall not appoint a receiver until he has become entitled to exercise the power of sale conferred by this Act, but may then, by writing under his hand, appoint such person as he thinks fit to be receiver.

(2.) The receiver shall be deemed to be the agent of the mortgagor; and the mortgagor shall be solely responsible for the receiver's acts or defaults, unless the mortgage deed otherwise provides.

(3.) The receiver shall have power to demand and recover all the income of the property of which he is appointed receiver, by action, distress, or otherwise in the name either of the mortgagor or of the mortgagee, to the full extent of the estate or interest which the mortgagor could dispose of, and to give effectual receipts, accordingly, for the same.

(4.) A person paying money to the receiver shall not be concerned to inquire whether any case has happened to authorize the receiver to act.

(5.) The receiver may be removed, and a new receiver may be appointed, from time to time by the mortgagee by writing under his hand.

(6.) The receiver shall be entitled to retain out of any money received by him, for his remuneration, and in satisfaction of all costs, charges, and expenses incurred by him as receiver, a commission at such rate, not exceeding five per centum on the gross amount of all money received, as is specified in his appointment, and if no rate is so specified, then at the rate of five per centum on that gross amount, or at such higher rate as the Court thinks fit to allow, on application made by him for that purpose.

(7.) The receiver shall, if so directed in writing by the mortgagee, insure and keep insured against loss or damage by fire, out of the money received by him, any building, effects, or property comprised in the mortgage, whether situate to the freehold or not, being of an insurable nature.

(8.) The receiver shall apply all money received by him as follows, namely:—

(i.) In discharge of all rents, taxes, rates, and outgoings whatsoever affecting the mortgaged property; and

(ii.) In keeping down all annual sums or other payments, and the interest on all principal sums, having priority to the mortgage in right whereof he is receiver; and

(iii.) In payment of his commission, and of the premiums on fire, life, or other insurance, if any, properly payable under the mortgage deed or under this Act, and the cost of executing necessary or proper repairs directed in writing by the mortgagee; and

(iv.) In payment of the interest accruing due in respect of any principal money due under the mortgage;

and shall pay the residue of the money received by him to the person who, but for the position of the receiver, would have been entitled to receive the income of the mortgaged property, or who is otherwise entitled to that property.

#### FORM OF DEED OF COVENANT BY SURETIES TO BE ENDORSED ON THE FOREGOING DEED.

This INDENTURE, made the \_\_\_\_\_ day of \_\_\_\_\_ 188\_\_\_\_, between \_\_\_\_\_ of \_\_\_\_\_ (herein referred to as the Sureties) of the one part, and the within-named Commissioners of the other part,

WITNESSETH—That, in consideration of the within-mentioned Loan to the within-named Tenant, the Sureties do hereby jointly and severally for themselves and himself, their said and his Heirs, Executors, and Administrators, covenant with the Commissioners and their Assigns that the within-named Tenant, his Executors, Administrators or Assigns will pay the within-mentioned Loan and interest in manner herein appearing, and will perform the covenants therein contained; and that they, the Sureties, their Heirs, Executors and Administrators, or some or one of them, will indemnify the Commissioners and their Assigns against all losses, damages, costs and expenses which they may sustain or be put to in respect of any non-payment of the said Loan and interest, or of the non-performance of any of the said covenants.

IN WITNESS whereof the said Sureties have hereunto subscribed their names and affixed their seals the day and year first herein written.

## APPENDIX A.

17363.

Treasury Chambers,  
30th October, 1882.

(Extract.)

"In reply to Mr. Horsely's letter of the 20th inst., the Lords Commissioners of Her Majesty's Treasury authorize the Commissioners of Public Works to make loans under section 51 of the Land Law (Ireland) Act, 1881, of the minimum amount of £50."

APPENDIX B.  
Land Law  
Act—Loans to  
Tenants.Induction of  
rentless loans  
to be given.

5471.

Treasury Chambers,  
27th March, 1883.

(Extract.)

"In reply to the Board's letter of the 19th inst., the Lord's Commissioners of Her Majesty's Treasury authorize the Board to make loans of neither more nor less than £50, to tenants, the valuation of whose holdings is between £7 and £10 inclusive, provided that the Board are satisfied with the security."

Induction of  
rentless loans  
of valuation.

## APPENDIX B.

## INSTRUCTIONS TO OCCUPIERS.

Paragraph 1.—As revised by instructions contained in Treasury letters dated 30th October and 17th November, 1882, and 18th and 27th March, 1883, respectively.

1. No loan will be granted for a less sum than £50, nor will any loan be granted for a greater sum than five years of the annual value of the holding to be charged with the repayment of the loan, as determined by the Poor Law Valuation, or of the judicial rent, where rent has been fixed by Land Commissioners, except to tenants, the Poor Law Valuation or judicial rent of whose holdings is between £7 and £10 (inclusive), to whom loans of £50, neither more nor less, may be given, provided that the Commissioners are satisfied with the security offered for the repayment of such loans. The gross amount to include each and every purpose for which the loan may be granted. No loan will be given of a greater amount than £1,000.

Paragraph 2 (last part).—As revised by instructions contained in Treasury letter dated 5th January, 1883.

The Commissioners of Public Works will take as security for the loan a deed from the tenant charging his tenancy with the amount, together with the additional security of a deed of covenant by two solvent sureties for the due application of the loan.

Paragraph 15.—As revised by instructions contained in letters from Treasury dated 30th October, 1882, and 18th March, 1883, respectively.

15. Loans for £50 and less than £75 will be subject to a charge of £3; loans for £75 and less than £100 to a charge of £4, and loans of £100 to a charge of £5 each, to be deducted from first instalment advanced, to meet expenses connected with the loan. Loans exceeding £100 will be subject to the additional charge of 10s. for each £20, or part of £20, of such excess, to be in like manner deducted, but never to be more than £10 in the whole for any loan not exceeding £500. Loans exceeding £500 will similarly be subject to a charge of 2 per cent., these deductions to be in satisfaction of all official charges, so long as the instalments continue to be regularly repaid, up to the end of the term for repayment of the loan.

Paragraph 16.—Added by instructions contained in letter from Treasury dated 30th October, 1882.

16. All applicants for loans will in future be required in forwarding their memorials to transmit therewith 10s., which sum, in the event of the loan being proceeded with, will be given credit for in the deduction in respect of the fee for expenses from the first instalment.

Old Paragraph 16, new Paragraph 17.—As revised by instructions contained in letters from Treasury dated 17th November, 1882, and 16th January, 1883, respectively.

17. Nothing contained in these instructions shall be taken to prejudice or affect applications for Loans for the improvement of land made by owners of land, as defined by the 6th and 7th sections of the Act 10 & 11 Vic., cap. 32, intitled "An Act to facilitate the Improvement of Landed Property in Ireland," and where any application for a loan is made by a tenant of lands who is qualified to obtain a loan under the definition of the term "owner," contained in the above-mentioned 7th section, the loan shall be made under the said Act and not under the Land Law (Ireland) Act, 1881. In the case, however, where a leaseholder coming within the provisions of sec. 1 of the above Act shall require a smaller amount than £100, he will be allowed the privilege of applying for a loan under the 31st section, subject to the rules regulating the same.

APPENDIX E.  
Land Law  
Act—Landed  
Tenants.

## APPENDIX C.

No. 1. THIS INDENTURE, MADE the day of One Thousand Eight Hundred and Eighty- hereinafter called "the said Tenant," of the one part, and the COMMISSIONERS OF PUBLIC WORKS IN IRELAND, incorporated by the Statute 10 and 11 Victoria, cap. 32, and acting in execution of "The Land Law (Ireland) Act, 1881," and of "The Landed Property Improvement (Ireland) Act," as defined by the said "Land Law (Ireland) Act, 1881," hereinafter called "the said Commissioners," of the other part.

WHEREAS the said Tenant is Occupier of the Lands hereinafter mentioned under a at the yearly rent of payable on the day of and the day of in every year.

AND WHEREAS the said Tenant hath made application to the said Commissioners, under the 31st Section of "The Land Law (Ireland) Act, 1881," to lend to him the sum of

Pounds, to be advanced by instalments, in accordance with the provisions of "The Landed Property Improvement (Ireland) Act," so far as the Treasury have declared the same to be applicable, and also in accordance with the regulations of the Commissioners, to be expended in the Works hereinafter mentioned, that is to say, and in defraying the costs and expenses incurred by the said Commissioners in relation to the Loan, and to be repaid with interest as hereinafter mentioned, and the Commissioners have agreed to make such Loan.

NOW THIS INDENTURE WITNESSETH that, in pursuance of the said Agreement, and in consideration of the sum of Pounds, to be lent as aforesaid, the said Tenant doth hereby charge that part of the Lands of in his occupation, situate in the Barony of in the County of and all his tenancy, estate, and interest therein, with the payment to the said Commissioners or their Assigns of all advances from time to time made to him by the said Commissioners in pursuance of the said agreement, with interest on such advances, at the rate of Three Pounds Ten Shillings per cent. per annum.

PROVIDED ALWAYS that if the said Tenant, his Executors, Administrators, or Assigns shall pay to the said Commissioners or their Assigns, during a period of Twenty-two years, an annuity of Six Pounds Ten Shillings in respect of every instalment of One Hundred Pounds advanced, and so in proportion for every lesser sum, by equal half-yearly payments, on the Fifth day of April and the Tenth day of October in every year, the first of such payments in respect of each instalment to be made on the second of the said gale days after the advance of the instalment, together also with interest at the rate aforesaid on each instalment advanced, from the date of the advance to the first gale day after the advance; and shall observe the covenants contained in this Indenture; then the said Commissioners or their Assigns shall not call in the said loan or such part thereof as shall for the time being remain unpaid: and if the said Tenant discharges the said loan in manner aforesaid, then the said Commissioners or their Assigns will release the said Tenant, his Executors, Administrators, or Assigns, and the said Lands, and his tenancy, estate, and interest therein, from the sums so advanced and the interest thereon, and all powers and remedies for the recovery of the same. PROVIDED ALWAYS that if the said Tenant, his Executors, Administrators, or Assigns shall make default in payment of any such half-yearly payment as aforesaid, for the space of Six Calendar months next after the day so appointed for the payment of the same, then all the advances made by the Commissioners on the security of this Indenture, with interest thereon, so far as such advances and interest are then unpaid shall forthwith become payable by the said Tenant, his Executors, Administrators or Assigns to the Commissioners or their Assigns, as a present debt, the amount whereof, in addition to all arrears of said annuity and interest thereon, shall be ascertained according to the scale contained in the Schedule to this Indenture. AND the said Tenant doth hereby for himself, his Heirs, Executors, and Administrators covenant with the said Commissioners and their Assigns that the said Tenant, his Executors, Administrators, or Assigns will make the said half-yearly payments at the times and in the manner hereinbefore provided, and will duly expend the said sum and every advance made on account thereof, after deducting the charges for the Commissioners' expenses, in and upon the said works on the Lands above-mentioned, and will maintain the works in an efficient state, and will permit any person for the time being appointed by the said Commissioners at all reasonable times to enter and inspect the said works.

AND, FURTHER, that he or they will, so long as any money remains due on this security pay the rent and observe and perform all the conditions of his or their Tenancy in the said Lands, and will not do anything whereby such Tenancy would become liable to be determined. AND will, from time to time, when required by the said Commissioners, or their Assigns, produce the receipts for the rent so payable as aforesaid. AND it is hereby declared that the powers given to Mortgagees by sections nineteen to twenty-four, both included, of the Conveyancing and Law of Property Act, 1881, shall apply to the security hereby created, but with this variation, that the power of sale conferred by the same Act shall become exercisable from time to time, in case the said Tenant, his Executors, Administrators, or Assigns shall make default in respect of any half-yearly payment under these presents for the space of six calendar months next after either of the gale days hereby appointed for the payment of the same, or fail to observe any of the covenants contained in this Indenture.

1883  
day of  
A Memorial of this Deed was entered in the Registry of Deeds Office, in the City of Dublin, on the day of  
No. and the execution of said Deed and Memorial was duly proved.  
at minutes after  
No.

IN WITNESS whereof the said Tenant hath hereunto subscribed his name and affixed his Seal, and the said Commissioners have hereunto caused their Common Seal to be affixed the day and year first in these presents written.

ALFRED W. B.  
Land Law  
Att.-Gen. to  
Tenants.

Signed, Sealed, and Delivered by the }  
said Tenant in presence of }

SCHEDULE referred to in the foregoing DEED.

REDEMPTION in respect of every £100 of Principal advanced, equal to an Annuity of £6 10s. per cent. for 22 years.

If the Annuity is in arrear for Six Calendar Months after any of the following payments become due, the amount due in respect of each £100 will be shown in the 3rd Column, to which must be added the amount of the Annuity in Arrear, together with interest, to the date of the final discharge of the respective amounts.

| No. of Half-yearly Cents of the Annuity paid, or due. | No. of Half-yearly Cents of the Annuity to be redeemed. | The Amount to be Repaid in respect of each £100 advanced, and so in proportion for every lesser sum. | No. of Half-yearly Cents of the Annuity paid, or due. | No. of Half-yearly Cents of the Annuity to be redeemed. | The Amount to be Repaid in respect of each £100 advanced, and so in proportion for every lesser sum. |

N.B.—This table must be applied to every Instalment of the Loan if advanced in different half-years ending 4th April and 9th October.

The following are the sections of the Conveyancing and Law of Property Act, 1881 (44 & 45 Victoria, Cap. 41), which apply to the foregoing deed :—

19.—(1.) A mortgage, where the mortgage is made by deed, shall by virtue of this Act, have the following powers, to the like extent as if they had been in terms conferred by the mortgage deed, but not further, namely :—

- (i.) A power, when the mortgage money has become due, to sell, or to encumber with any other person in selling, the mortgaged property, or any part thereof, either subject to prior charges, or not, and either together or in lots, by public auction or by private contract, subject to such conditions respecting title, or evidence of title, or other matter, as he (the mortgagee) thinks fit, with power to vary any contract for sale, and to buy in at an auction, or to rescind any contract for sale, and to re-sell, without being answerable for any loss occasioned thereby; and
- (ii.) A power, at any time after the date of the mortgage deed, to insure and keep insured against loss or damage by fire any building, or any effects or property of an insurable nature, whether affixed to the freehold or not, being or forming part of the mortgaged property, and the premiums paid for any such insurance shall be a charge on the mortgaged property, in addition to the mortgage money, and with the same priority and with interest at the same rate, as the mortgage money; and

N

Appendix E.  
 Land Tax  
 Act—Lease to  
 Tenants.

- (iii.) A power, when the mortgage money has become due, to appoint a receiver of the income of the mortgaged property, or of any part thereof; and
- (iv.) A power, while the mortgagee is in possession, to cut and sell timber and other trees ripe for cutting, and not planted or left standing for shelter or ornament, or to contract for any such cutting and sale, to be completed within any time not exceeding twelve months from the making of the contract.

(2.) The provisions of this Act relating to the foregoing powers, comprised either in this section, or in any subsequent section regulating the exercise of those powers, may be varied or extended by the mortgage deed, and, as so varied or extended, shall, as far as may be, operate in the like manner and with all the like incidents, effects, and consequences, as if such variations or extensions were contained in this Act.

(3.) This section applies only if and as far as a contrary intention is not expressed in the mortgage deed, and shall have effect subject to the terms of the mortgage deed and to the provisions therein contained.

(4.) This section applies only where the mortgage deed is executed after the commencement of this Act.

20.—A mortgagee shall not exercise the power of sale conferred by this Act unless and until—

- (i.) Notice requiring payment of the mortgage money has been served on the mortgagor or one of the several mortgagors, and default has been made in payment of the mortgage money, or of part thereof, for three months after such service; or
- (ii.) Some interest under the mortgage is in arrear and unpaid for two months after becoming due; or
- (iii.) There has been a breach of some provision contained in the mortgage deed or in this Act, and on the part of the mortgagee, or of some person concurring in making the mortgage to be observed or performed, other than and besides a covenant for payment of the mortgage money, or interest thereon.

21.—(1.) A mortgagee exercising the power of sale conferred by this Act shall have power, by deed, to convey the property sold, for such estate and interest therein as is the subject of the mortgage, freed from all estates, interests, and rights to which the mortgagee has priority, but subject to all estates, interests, and rights which have priority to the mortgage; except that, in the case of copyhold or customary land, the legal right to admission shall not pass by a deed under this section, unless the deed is sufficient otherwise by law, or is sufficient by custom, in that behalf.

(2.) Where a conveyance is made in professed exercise of the power of sale conferred by this Act, the title of the purchaser shall not be impeachable on the ground that no case had arisen to authorize the sale, or that due notice was not given, or that the power was otherwise improperly or irregularly exercised; but any person damaged by an unauthorized, or improper or irregular exercise of the power shall have his remedy in damages against the person exercising the power.

(3.) The money which is received by the mortgagee, arising from the sale, after discharge of prior incumbrances to which the sale is not made subject, if any, or after payment into Court under this Act of a sum to meet any prior incumbrance, shall be held by him in trust to be applied by him, first, in payment of all costs, charges, and expenses, properly incurred by him, as incident to the sale or any attempted sale, or otherwise; and secondly, in discharge of the mortgage money, interest, and costs, and other money, if any, due under the mortgage; and the residue of the money so received shall be paid to the person entitled to the mortgaged property, or authorized to give receipts for the proceeds of the sale thereof.

(4.) The power of sale conferred by this Act may be exercised by any person for the time being entitled to receive and give a discharge for the mortgage money.

(5.) The power of sale conferred by this Act shall not affect the right of foreclosure.

(6.) The mortgagee, his executors, administrators, or assigns, shall not be answerable for any involuntary loss happening in or about the exercise or extension of the power of sale conferred by this Act or of any trust connected therewith.

(7.) At any time after the power of sale conferred by this Act has become exercisable, the person entitled to exercise the same may demand and recover from any person, other than a person having in the mortgaged property an estate, interest, or right in priority to the mortgage, all the deeds and documents relating to the property, or to the title thereto, which a purchaser under the power of sale would be entitled to demand and recover from him.

22.—(1.) The receipt in writing of a mortgagee shall be a sufficient discharge for any money arising under the power of sale conferred by this Act, or for any money or securities comprised in his mortgage, or arising thereunder; and a person paying or transferring the same to the mortgagee shall not be concerned to inquire whether any money remains due under the mortgage.

(2.) Money received by a mortgagee under his mortgage or from the proceeds of securities comprised in his mortgage shall be applied in like manner as in this Act directed respecting money received by him arising from a sale under the power of sale conferred by this Act; but with this variation, that the costs, charges, and expenses payable shall include the costs, charges, and expenses properly incurred of recovering and receiving the money or securities, and of conversion of securities into money, instead of those incident to sale.

23.—(1.) The amount of an insurance effected by a mortgagee against loss or damage by fire under the power in that behalf conferred by this Act shall not exceed the amount specified in the mortgage deed, or, if no amount is therein specified, then shall not exceed two third parts of the amount that would be required, in case of total destruction, to restore the property insured.

(2.) An insurance shall not, under the power conferred by this Act, be effected by a mortgagee in any of the following cases, namely:—

- (i.) Where there is a declaration in the mortgage deed that no insurance is required;
- (ii.) Where an insurance is kept up by or on behalf of the mortgagor in accordance with the mortgage deed;

(III.) Where the mortgage deed contains no stipulation respecting insurance, and an insurance is kept up by or on behalf of the mortgagor, to the amount in which the mortgagee is by this Act authorized to insure.

(5.) All money received on an insurance effected under the mortgage deed or under this Act shall, if the mortgagee so requires, be applied by the mortgagor in making good the loss or damage in respect of which the money is received.

(4.) Without prejudice to any obligation to the contrary imposed by law, or by special contract, a mortgagee may require that all money received on an insurance be applied in or towards discharge of the money due under his mortgage.

34.—(1.) A mortgagee entitled to appoint a receiver under the power in that behalf conferred by this Act shall not appoint a receiver until he has become entitled to exercise the power of sale conferred by this Act, but may then, by writing under his hand, appoint such person as he thinks fit to be receiver.

(2.) The receiver shall be deemed to be the agent of the mortgagor; and the mortgagor shall be solely responsible for the receiver's acts or defaults, unless the mortgage deed otherwise provides.

(3.) The receiver shall have power to demand and recover all the income of the property of which he is appointed receiver, by action, distress, or otherwise, in the name either of the mortgagor or of the mortgagee, to the full extent of the estate or interest which the mortgagor could dispose of, and to give effectual receipts, accordingly, for the same.

(4.) A person paying money to the receiver shall not be concerned to inquire whether any case has happened to authorize the receiver to act.

(5.) The receiver may be removed, and a new receiver may be appointed, from time to time by the mortgagee by writing under his hand.

(6.) The receiver shall be entitled to retain out of any money received by him, for his remuneration, and in satisfaction of all costs, charges, and expenses incurred by him as receiver, a commission at such rate, not exceeding five per centum on the gross amount of all money received, as is specified in his appointment, and if no rate is so specified, then at the rate of five per centum on that gross amount, or at such higher rate as the Court thinks fit to allow, on application made by him for that purpose.

(7.) The receiver shall, if so directed in writing by the mortgagee, insure and keep insured against loss or damage by fire, out of the money received by him, any building, effects or property comprised in the mortgage, whether situate on the freehold or not, being of an insurable nature.

(8.) The receiver shall apply all money received by him as follows, namely:—

- (i.) In discharge of all rents, taxes, rates, and outgoings whatever affecting the mortgaged property; and
- (ii.) In keeping down all annual sums or other payments, and the interest on all principal sums, having priority to the mortgage in right whereof he is receiver; and
- (iii.) In payment of his commission, and of the premiums on fire, life, or other insurances, if any, properly payable under the mortgage deed or under this Act, and the cost of executing necessary or proper repairs directed in writing by the mortgagee; and
- (iv.) In payment of the interest accruing due in respect of any principal money due under the mortgage;

and shall pay the residue of the money received by him to the person who, but for the possession of the receiver, would have been entitled to receive the income of the mortgaged property, or who is otherwise entitled to that property.

This INDENTURE, made the            day of            188    , between            of            and            (herein referred to as the Sureties) of the one part, and the within-named Commissioners of the other part,

WITNESSETH—That in consideration of the within-mentioned Loan to the within-named Tenant, the Sureties do hereby jointly and severally for themselves and himself, their and his Heirs, Executors, and Administrators, covenant with the Commissioners and their Assigns that the within-named Tenant, his Executors, Administrators or Assigns will perform the covenant within contained; that is to say, that he the said Tenant, his Executors, Administrators or Assigns will duly expend the said loan and every advance made on account of it after deducting the charges for the Commissioners' expenses, in and upon the works and on the lands within respectively mentioned; and that they, the Sureties, their Heirs, Executors, and Administrators, or either of them, will indemnify the Commissioners and their Assigns against all losses, damages, costs, and expenses which they may sustain or be put to in respect of the non-performance of the said covenant.

In WITNESS whereof the said Sureties have hereto subscribed their names and affixed their seals the day and year first herein written.

National  
Monuments  
and Ecclesiastical  
Ruins.

## APPENDIX F.

## NATIONAL MONUMENTS OF IRELAND.

ANNUAL REPORT, 1882-3.

By THOMAS NEWBHAM DRAKE, Superintendent.

Works have been undertaken or completed at the following National Monuments within the past year, viz. :—

- No. 1. Rosserk Abbey, Barony Tyrrawley, Co. Mayo.
- No. 2. Quin Abbey, Barony Bunnatt, Co. Clara.
- No. 3. Crosville Abbey, Barony Droonsaire, Co. Leitrim.
- No. 4. Killala Round Tower, Barony Tyrrawley, Co. Mayo.
- No. 5. Banagher Church, Barony Keenaght, Co. Londonderry.
- No. 6. Inchmealman Church, Abbey, &c., Barony Rathfriland, Co. Longford.
- No. 7. Athassel Abbey, Barony Clanwilliam, Co. Tipperary.

*Rosserk Abbey.*

This interesting abbey, situated upon the Moy, near Ballina, was in a most ruinous condition, the walls in many places were on the verge of falling, the tracery of the eastern window had disappeared, but a careful examination of the debris produced all the missing stones. These were reset in their original position, thus reproducing an excellent example of fourteenth century tracery. The tower, a bold piece of construction, is about 15 feet square by 80 feet high, is carried on two arches, which divide the nave from the choir; the soffits are carefully groined.

In the tower is an apartment which is entered from a door considerably above the level of the roof of choir; this apartment may have been used as a cell or "dormer interior."

The plan of the abbey consists of nave, 45 feet by 18 feet; chancel, 33 feet by 18 feet; south transept, 32 feet by 20 feet. On the north are conventual buildings, two stories in height.

To the south of the high altar is a double piscina, the spandrels of the arches are carved with figure sculpture, and the recess groined.

In the southern transept there is a curious confession.

The walls of the buildings have been secured and pointed, the arches over conventual buildings have been coated with cement concrete, the tower has been pointed and missing stones supplied, the tracery of windows replaced and secured, and has been put in some of the open to prevent trespass, gates also have been put to western doorway.

*Quin Abbey.*

The works at this abbey are now finished; they were of an extensive nature, and consisted of pointing, rebuilding dangerous portions of walls and arches, cement coating on vaultings, clearing out cloisters, readjusting tombs. The abbey was described and illustrated in a former report; a caretaker has been appointed.

Some repairs have been done to the ancient church adjacent to the abbey; this church dates from the thirteenth century. At the eastern end are three lancet windows; the buttresses have fine moldings; the walls have been partially pointed, the tops groined, and the buttresses underpinned.

*Crosville Abbey, County Leitrim.*

This abbey was founded for the Franciscan Order, A.D. 1508 by Margaret O'Brien, daughter of Lord O'Brien, and wife of Eugene Lord O'Rourke.

In the village of Droonsaire is the manor house of

the O'Rourke, a good example of Tudor architecture. The abbey in many respects resembles that at Sligo; it consists of nave, south transept, tower and choir, refectory, and other conventual buildings. A descendant of the founder of this abbey, and probably the builder of the manor house, was an active rebel in 1683. He submitted and went to London to be introduced to Elizabeth, but refusing to bend his knee to the Queen and declining life or pardon, simply requested to be "hung by a with, according to the custom of his country," a request, as the chronicle states, readily granted.

The following are the general dimensions of the abbey: Nave, 40 feet by 19 feet; choir, 40 feet by 13 feet; transept, 40 feet by 18 feet; and cloister-garth, 45 feet by 35 feet.

The conventual apartments contain refectory and library, the character of the architecture corresponds throughout with the date ascribed to the foundation.

The cloister garth has been excavated, and nearly the entire of the arcades arches have been found—these correspond in detail with those at Sligo Abbey; large gaps in the wall have been rebuilt; the tracery of the windows has been secured, missing portions when found have been replaced, the entire tracery of the western window was found and reset. Walls have been levelled, and it is hoped that steps may be taken to prevent the destruction of the abbey by the overcrowding of graves, which at present is carried on to an extent injurious to health, and disrespectful to the Church.

*Athassel Abbey.*

This is probably one of the most interesting abbeys in Ireland, of great extent, and truly worthy of being classed as a national monument. The accompanying illustrations, consisting of ground plan, elevation of entrance door to choir, roof loft arch, entrance to cloister, and plan of cloister arches have been made for the purpose of this report, and in a limited manner give some of the detail of the abbey. It was founded by William Fitz Adelen de Burgho, for canons regular of the Order of St. Augustine.

We find that the De Burghos were great benefactors to this abbey, and that it was a considerable structure in 1502. I should be, however, disposed to fix the date of the main building at 1500.

The dimensions of the church (see ground plan No. 1) are very large in comparison with others in Ireland, viz. :—nave 121 feet by 37 feet 10 inches, choir 79 feet by 27 feet 6 inches, transept 30 feet 6 inches by 28 feet, and cloisters 85 feet by 39.

The main church, with its transeps and choir, is thirteenth century work of a good type. To the north of the western entrance are the remains of a large tower. Towers are very rare on Irish churches at so early a date, and the position of this one is very peculiar. To the south of the entrance is a small chapel carefully groined from vaulting shafts. Little remains of the pillars of the nave, but it must have been divided into six bays. The space between the vaulting shafts being 21 feet, from the remains of these shafts which have been found. The choir was separated from the nave by a wall from top to bottom, with a beautiful central doorway, an illustration of which is given; at either side were niches for statues. Above the central entrance was an open archway, which probably corresponded with the roof screen.

On entering the choir, to the right and left are the transept arches, 27 feet span by 46 feet to the apex of the arch; the moldings of the piers are simple and held.

The choir arch was 21 feet 3 inches span. In 1329 we read Brian O'Brien burnt Athassel to the ground. At this time, I think it probable, the transept arches and choir were seriously injured. This portion of the abbey was utilized for domestic purposes of a semi-military character. Walls were built within the space enclosed by the transept arches, this space being vaulted in a single span; the transept arches were joined upon, and the upper portion was used as a dwelling. The approach to these apartments was a passage along the top of the transept wall, entered by a circular staircase in the south-east angle of transept.

The choir of the church is lighted by the side windows and eastern window of three lights, the latter fifteenth century tracery; the parapet was stepped. We can trace the extent of the first church which, as I before stated, consisted of nave, north-west tower, south side chapel, choir and transepts, with conventual buildings in continuation of south transept. The total length of the conventual buildings was 87 feet 10 inches.

The cloister was enclosed by walls, and entered at the south-west corner. I doubt that the early cloister girth was ascended. The present arcade is fifteenth century work.

The various changes which were made in the early part of the fifteenth century, makes it difficult to define with accuracy many points of interest in the original thirteenth century building. Amongst them I would note the fact that the bases of the transept arches are at a level of several feet above the church floor. The south transept has no evidence of having had a sub-story, but it may have been made at a later period. The elevation of the bases tends to support the idea that both transepts had sub-chapels originally. I trust to satisfy myself on this point, during the works at present in hand.

The remainder of the conventual buildings in connection with the abbey church are all of fifteenth century date, and do not present any particular features of interest.

The choir contains many interesting effigies and monumental stones, one of the former probably Walter, Earl of Ulster; the memorial stone with two figures, of which an illustration is given, is peculiar.

So far is a general description of the abbey church and its immediate surroundings; but beyond these, and separated by intervening land, there is a strong wall and out-buildings. The abbey lands originally formed

an island in the *Slane*, which was approached by a bridge of three arches leading to the gate house, which was vaulted, and strongly defended by lifting gate or portcullis.

Considerable alterations were made in this building from time to time, the nature of which I can hardly describe at this early stage of the work.

The works are progressing rapidly.

#### *Athella Round Tower, Barony Tyroneley.*

This tower has been repaired, loose stones removed, and a lightning conductor fixed.

#### *Beeagh Church, Barony Kenfigh, Co. Londonderry.*

This church, formerly called Beeaghair, or The Horse, is a curious and early structure; it consists of nave and chancel, the former 35 feet by 20 feet, the latter 20 feet by 11 feet. The western doorway is square-headed, with inclined sides. The founder of the church, St. Muirchú O'Honey, who lived A.D. 1121. In the graveyard surrounding the church are many inscribed slabs of early date, and others of the sixteenth century, bearing the names of old families in the county, amongst these many of the O'Honeys. The tomb of the founder, which is an oblong structure 12 feet by 6 feet, with gabled stone roof and effigy of the saint, has been repaired lately, and is in good condition.

The works at this church are now in progress.

#### *Inistietham Church and Abbey, Barony Ratheline, Co. Longford.*

The ruins here are of very early date, particularly the church, with the square tower at western end, referred to in Petrie, as one of the earliest examples of such a structure. The stones are massive and wrought square.

The founder of this church is stated to have been St. Dálmáit Naemh, or The Just, A.D. 540. The buildings on the island appear to have been frequently pillaged up to A.D. 1193.

At the southern end of the island are the remains of two Romanesque churches, and portions of a conventual building of later date.

The works consisted of pointing, repairing broken walls, concreting arches, and generally placing the ruins in a safe condition.

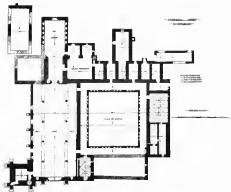

(Signed,) THOS. NEWENHAM DEANE.
